*Check out what's been happening in*  
**Career Pathways this week!**

Title: [Maryland policy will encourage better coordination between WIOA Title I & Title II](#)

Authors: Amanda Bergson-Shilcock

National Skills Coalitions shares information about policy guidance recently issued by the Maryland Department of Labor, Licensing, and Regulation (DLLR) is spurring local adult education and workforce providers to spell out how they are working together to assess program participants. The most recent guidance was issued in April 2017. It is aimed at local workforce development areas and adult education providers funded by Maryland under the Workforce Innovation and Opportunity Act (WIOA).

Title: [Texas CTE launches website](#)

The Texas Education Agency and Career and Technical Education team launched the Texas CTE Resource Center. The CTE resource center is the central repository for free CTE instructional and supplemental materials and professional

development content.

Title: [Report from CLASP on Career Pathways Policy & Practice](#)

CLASP explores Integrated Education and Training (IET) in its April 2017 brief. Integrated Education and Training (IET) is a research-proven educational practice based in adult learning theory. To be part of a comprehensive career pathway, IET programs need a sector focus and robust participant supports. Focusing on sectors that have value in the regional labor market provides greater opportunity for quality employment.

Title: [High School Equivalency Video](#)

The System for Adult Basic Education Support (SABES) is the Adult Basic Education professional development system of the Massachusetts Department of Elementary and Secondary Education (ESE), Adult and Community Learning Services (ACLS) unit. Their Communication Center collaborated with ACLS on a short video entitled *What You Need to Know about Getting Your High School Equivalency Credential*.

Title: [Policy Brief on Integrating SNAP E&T into Career Pathway Systems](#)

Career Pathways help people upgrade their skills and advance to better jobs over time through a stackable set of education and

training steps and credentials within a particular industry. As States expand and improve Supplemental Nutrition Assistance Program Employment and Training (SNAP E&T) services, they should consider how SNAP E&T can be incorporated into existing career pathways systems to get better results for participants.

**Thank You!**

Sincerely,

The WorkforceGPS Team
