

## MARCH 2020 DIVERSITY/CULTURAL EVENTS & CELEBRATIONS

### Women's History Month

National Women's History Month began as a single week and as a local event. In 1978, Sonoma County, California, sponsored a women's history week to promote the teaching of women's history. The week of March 8 was selected to include "International Women's Day." This day is rooted in such ideas and events as a woman's right to vote and a woman's right to work, women's strikes for bread, women's strikes for peace at the end of World War I, and the U.N. Charter declaration of gender equality at the end of World War II. This day is an occasion to review how far women have come in their struggle for equality, peace and development. In 1981, Congress passed a resolution making the week a national celebration, and in 1987 expanded it to the full month of March. The 2020 theme is **Valiant Women of the Vote**" celebrates the women who have fought for woman's right to vote in the United States. For more information visit <http://www.nwhp.org/>.

### **The Continuity of Life in African Traditional Religion: An Illusion?**

Dr. Itohan Idumwonyi from Gonzaga will present. John S. Mbiti, our grandfather, informed us long ago that: "Africans are notoriously religious" and have a heritage with its intrinsic values. These values are embedded in their Religion and its associated ritual processes that sustains life for them. Yet, some think that African Traditional Religion is an illusion? For them, Africans had no religion before the advent of the "imported" religions. How so? Does life end at death or there is a continuity? Is death the end of life? Where does one go at death? Is the belief in the continuity of life after death a product of "imported religions" or this belief has been part of the religious beliefs of African people in Africa? This talk focuses on the concept of rites of passage as it relates to life and its continuity in African context. It is relevant for providing a clear understanding of Africans values and its implication in fostering human relationship.
