Children's Clubhouse

What's New:

Goodbye February

Hello March

New Month
With new Hopes
With new Styles
& with new Ideas

TruthFollower.com

- **March Is Ripe** for the explosion of new possibilities. Always transitional, never the same, but in the end, it invariably transforms into the start of new life. If you know of anyone that has that "Attitude of Gratitude" and is looking to volunteer, share your experiences with them and ask them to be a part of our outstanding team of volunteers. This could be the start of something BIG!

- **Good Intentions Reminder** that although we allow and love you to post that you are enjoying your time here at the Clubhouse, please, do not include pictures of our "clients" in those pictures. HIPPA regulations say we have to have a signed Media Release Form to be in compliance.

- **The Phone System Upgrade** has been converted to a consumer dialing model (no need to dial 9), just the 7-digit extension dialing for internal calls and 11-digit dialing for all outside calls.

- **Have You Seen Our Toys?** Be sure to keep an eye out so that the little ones leave our beloved toys in the Clubhouse and don't accidentally take them home. It's also a good idea to set boundaries with our guests to make sure we protect our age appropriate toys from unintentional damage.

- **If You Are Still Looking for something above and beyond,** our Arts in Healing program is always looking for volunteers to do art with our patients in the Oncology Outpatient Clinic in addition to the Clubhouse. If you or someone you know would be interested in serving in this capacity, let us know.

- **BE A RAINBOW** in someone else's cloud. Your attitude matters in everything you do. So wear your smile and turn up the wattage in your good mood. Remember, attitudes are catchy.
