- ◇ **Flu Shot Clinics-** Sept. 25th, and Oct. 6th in the Mary Bede Room.

Staffed with support from  
Spokane Realtors  
Association and Umpqua  
Bank

## What's New:

- **Check out the new X-box!** Our old one gave up the ghost so we now have a new X-box Kinex! This feature allows us to play some of those games that get you up and moving. The sensor attached to the top of the TV gauges your movement and pairs it with the game. So much fun!
- **We are AWESOME!** According to our log book, we had over 282 visitors to the Clubhouse in August! That is up from last August when we only had 206 visitors. You all ROCK!
- **Special Kudos** go out to Daniel Dailey and Gwen Arrand who managed 22 little guests in one shift. Whew! You earned your cape and tights my friends!
- **Project Search** will begin this September and we are hopeful that a new student will be assigned to help us out once a week.
- **Thank you** to Camela Lathrop who emailed several people in her contacts list to tell them about the wonderful work we do here in the Clubhouse. So far she has 4 new volunteers soon to be part of our team.
- **Gentle Reminder** that the Clubhouse is operational year round and we rely on you to be as dedicated as we are. Please be courteous and inform us if you cannot meet the needs of your shift. We will gladly try to be flexible. We are striving to be successful!
- **We are in need.** If you know anyone who would like to donate new toys, invasive procedure awards or craft items to the hospital, please contact Family Support Services at 474-2103 or go to our website to see the specific list.
