**DONATIONS WILL BENEFIT THE VETERANS TRANSITIONAL PROGRAM
FACILITATED AT THE VOLUNTEERS OF AMERICA**

Our Veteran's Transitional Program brings homeless Veterans in off the street so that they don't have to focus on survival. They don't have to worry about where they will lay their heads that night, nor where they will get their next meal so that they can focus on the issues that lead to their homelessness. We provide individualized case plans and walk with the Veteran through the steps needed to lead them to become stably housed.
