

The Spokane Association of REALTORS®

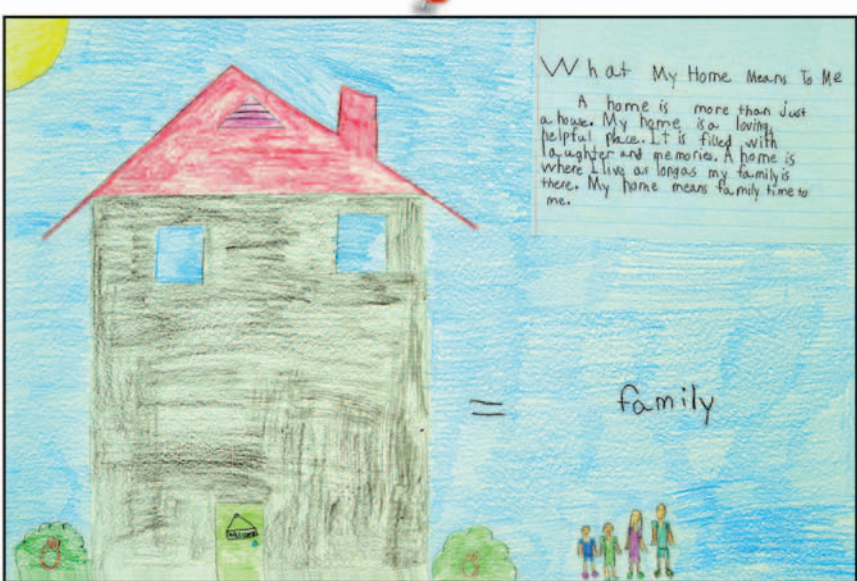

is pleased to announce the winners of its 3rd Grade Essay/Poster Contest for 2020 on the theme “What my home means to me.”

This annual event attracts dozens of students from public and private elementary schools throughout Spokane County. This year’s contest included a new challenge of coordinating the creation and submission of the entries during a global pandemic when local schools were closed to in-person classes. The association particularly appreciates the additional effort both teachers and students put forward to make this year’s contest such a success. *Thank you to all who entered and congratulations to our contest winners!*

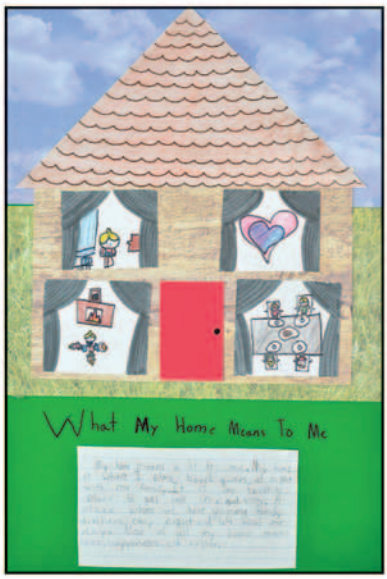

1st Place - Amelia - Jefferson Elementary School

My home is the most important place to me because it is where my family is and where all our memories first took place. My home is a thoughtful place where we care, love, and live with laughter. We have good times, bad times, and a little in between, but we make it work and move on as a family.

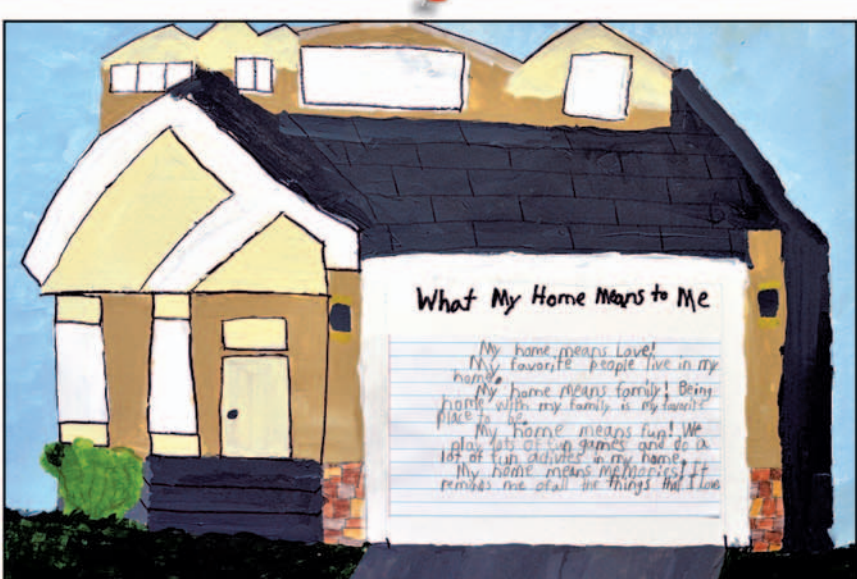

2nd Place - Brekin - Hamblen Elementary School

A home is more than just a house. My home is a loving, helpful place. It is filled with laughter and memories. A home is where I live as long as my family is there. My home means family time to me.

3rd Place - Ella - Hamblen Elementary School

My home means a lot to me. My home is where I play board games at night with my family. It is my favorite place to get lost in a good book. A place where we have yummy family dinners every night and talk about our day. Most of all my home means love, happiness, and laughter.

4th Place - Keaton - Hamblen Elementary School

My home means love! My favorite people live in my home. My home means family! Being home with my family is my favorite place to be. My home means fun! We play lots of fun games and do a lot of fun activities in my home. My home means memories! It reminds me of all the things I love.
