

Northwest Automotive Technicians Society

Scan Tools Pt. 2

November 23rd, 6:30 pm

Meeting site:

Molalla Auto Works

810 E. Main St.
Molalla, OR 97038

OR

Zoom – watch for an email or

contact funfarm829@gmail.com

This month we will have the opportunity to either meet live or join in from your preferred location on Zoom! We will be talking scan tools again this month, what were using, what we want to check out, what looks cool, etc. There should also be some live demos as well, with any scan tools we have on hand that night!

For More Information, Contact:

Jay Kuykendall

(503)737-9501

The Northwest Automotive Technicians Society (NATS) is a non-profit organization dedicated to advancing the knowledge, skills, and efficiency of the working automotive technician in the greater Portland OR / Vancouver WA area. These meetings are typically based around a monthly topic, and are set up for interactive discussion, not as a seminar style class. In shop demonstrations and hands on sessions are occasionally scheduled as topics warrant. There are currently no fees to attend NATS meetings; we ask all to come and share their experience. For any questions or to be added to our email list drop us a line at funfarm829@gmail.com
