

**Our second semester internship program allows students to experience their intended career with industry professionals guiding them in paid or unpaid intern experiences.**

## Supporting the student and company

We vet our students through interviews, applications and recommendations for entry into our competitive award winning internship program.

During the first semester, we train interns on soft skills and workplace topics such as OSHA, Diversity in the Workforce, and Communication.

Gateway interns are insured by the district, and we support both the student and business during this opportunity.

## Company (Mentor) Testimonials

**"Clearly, Gateway's program is exceptional and we would be happy to continue to collaborate with you and your students to the benefit of all!"**

**-Penn Vet Working Dog Center**

**"PCH Technologies has had the privilege of working closely with students from Gateway's internship program, and I must say it has been an incredibly rewarding experience. Gateway does a fantastic job of preparing students for real-world careers. The students have consistently showcased impressive dedication, adaptability, and a strong desire to learn, making valuable contributions to our team and leaving a lasting positive impact on our organization."**
