KNN Board Update | March 2021

KNN Board Meeting Highlights from February 11 and February 25, 2021

- Used generative approach to discuss: **What are some of the greatest needs in medical education that our integrated framework could influence?**

- Identified two topics to explore for the focus of the KNN's generative work:

    - Health equity and social justice
    - Health systems engagement

- Used small-group discussion process to continue to use generative approach to explore selected topics

- Included brief mention about promoting Thank a Resident Day
