

We invite you to schedule a Leadership and Team Development experience for your team at Dashing W Farm in Opelousas, Louisiana, where we offer professional development services through equine-assisted learning (EAL). There are no boring lectures with the EAL approach at Dashing W Farm, and there is no riding involved or previous experience required with horses. All that is needed is the courage for your team to explore the trust, standards, and unwritten rules that influence team performance and lead to quality group interaction.

We offer half day and full day workshops. We also make use of the CliftonStrengths assessment (<https://www.gallupstrengthscenter.com/>) for all participants, which is used by 90% of Fortune 500 companies to help improve workplace culture. In addition, we emphasize the six habits for becoming a leader of character from the book *Becoming a Leader of Character*, by J. Anderson and D. Anderson: courage, humility, integrity, selflessness, duty, and positivity.
