

# Miami Beach Promenade

## Community Charrette & Workshop

The City of Miami Beach invites you to a community charrette & workshop to discuss the initial stages of the Miami Beach Promenade, located between 24 and 29 Streets, east of Collins Avenue.

This project was conceived in response to community concerns regarding the area's aesthetics and functionality. The feasibility study along with a master plan design will identify and address key issues, and provide an estimate of the funding required for further project development.
