With your art, think about what “**Rooted in Excellence**” looks like to you

- **Make sure to include the below identification form with your submission ...this will be vital to identifying the artwork inside the yearbook.**

Tips for a Good Entry:

1. Do not leave a lot of white space- use LOTS of color and use the whole sheet of paper
2. Markers and some paints will show up more brightly than crayons and colored pencil
3. Outlining your drawing in black can help make your drawing stand out
4. Are you showing people? Make them diverse (boys AND girls with many types of skin colors, for example)
5. Do not put words too close to the edges of the page
6. REMEMBER TO ORIENT YOUR PAPER VERTICALLY- LIKE A BOOK COVER
