

Business Town Hall

November 12, 2020

PITKIN COUNTY PUBLIC HEALTH

Agenda

- COVID-19 Numbers: Status of where we are currently
- Timeline update: When we can expect to see tighter restrictions and what those restrictions are
- Changes to Business Safety Plan
- Q&A

Two-Week Cumulative Incidence Rate by County

Click a County to View Corresponding Dial & Metrics

County data may be slightly different than state data due to data reporting timelines and outbreak exclusions

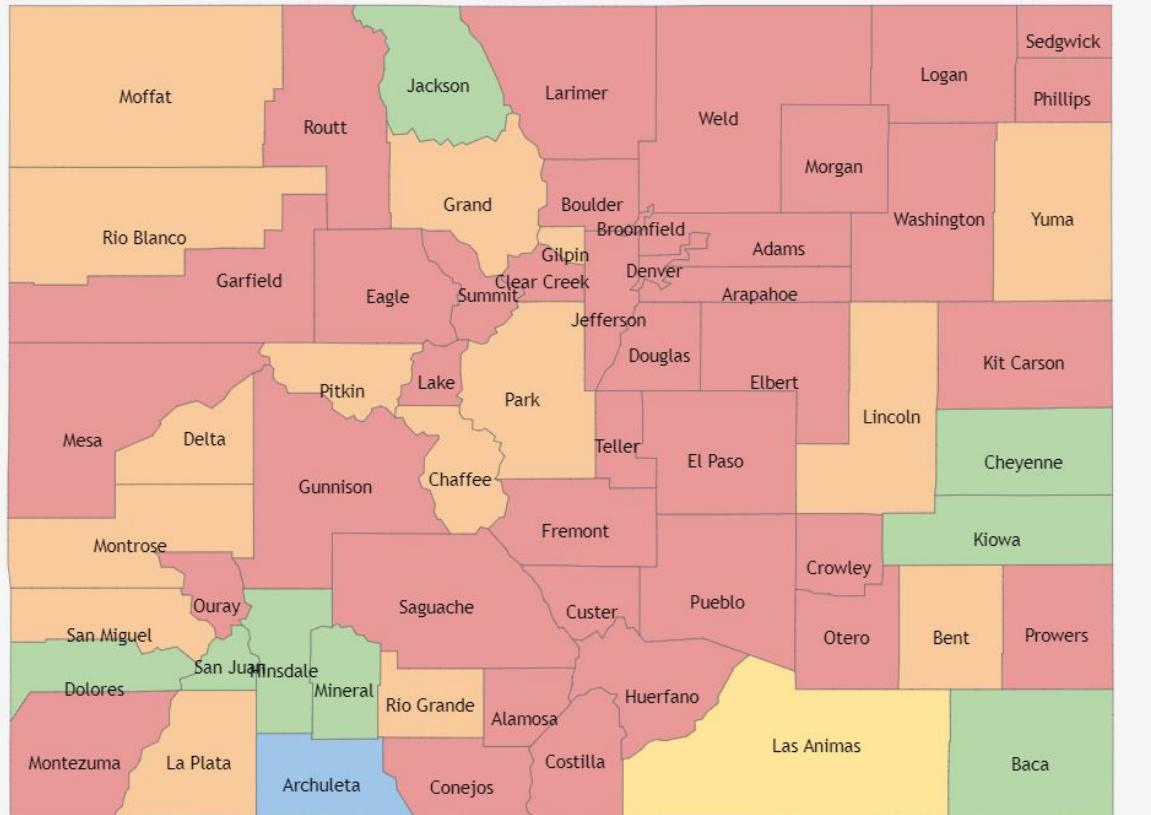

< 25

$\geq 25 \& < 75$

$\geq 75 \& < 175$

$\geq 175 \& < 350$

≥ 350

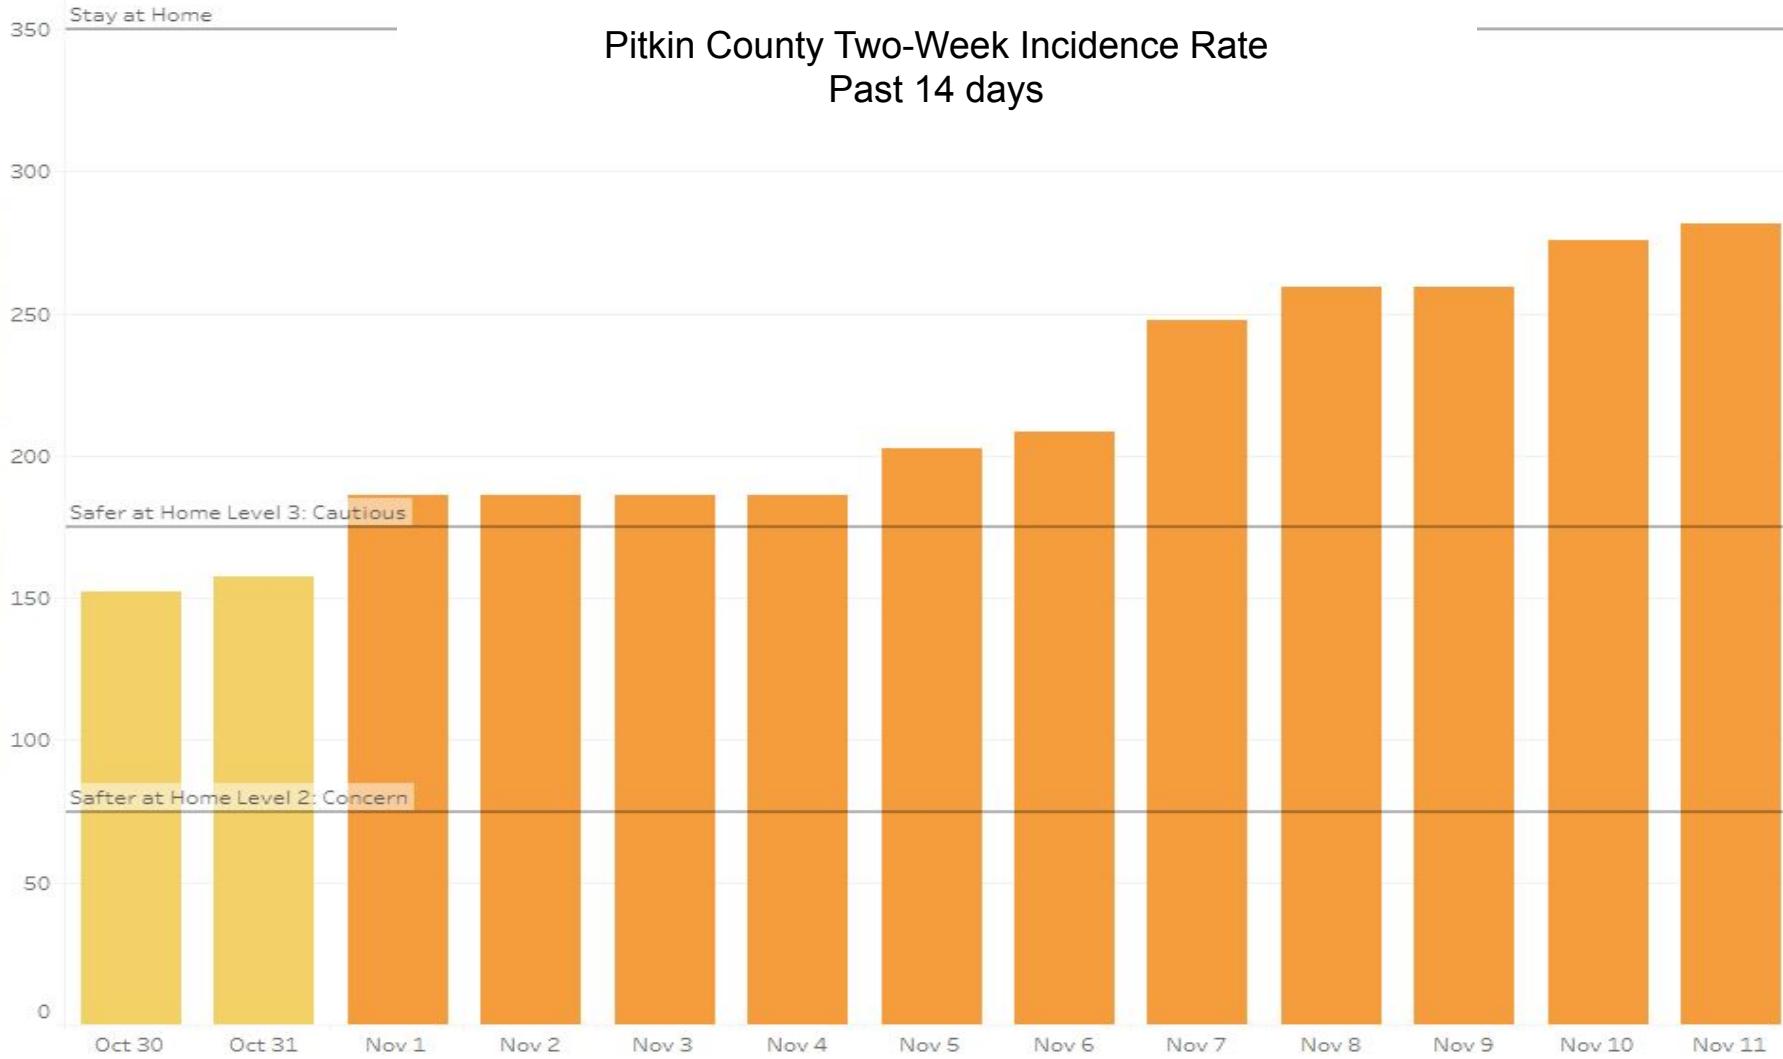

38 Counties are past the two-week incidence for **Red Stay at Home**

Pitkin is 43rd out of 64 counties for current two-week incidence rate

Stay at Home

Pitkin County Two-Week Incidence Rate Past 14 days

State Reported Incidence Rate for Pitkin [cases per100,000 people]

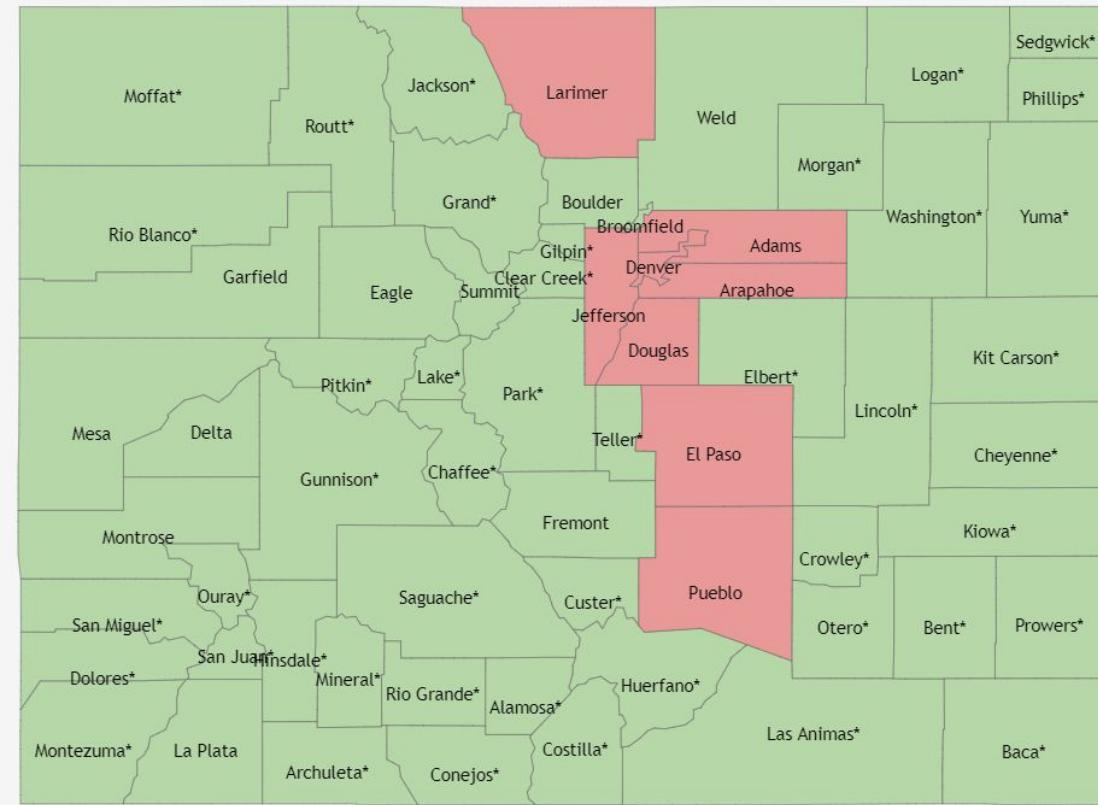

Number of Days with Decreasing or Stable Hospital Admissions

Click a County to View Corresponding Dial & Metrics

County data may be slightly different than state data due to data reporting timelines and outbreak exclusions

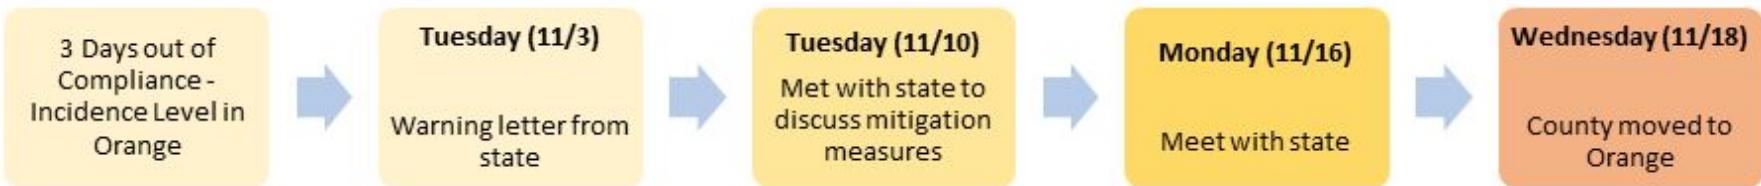

8-14 Days

0-7 Days

For counties with a population of 30,000 or less, if there have been three or more new hospital admissions in any of the last 14 days, that county's hospitalization measure is assigned to "red". Otherwise, counties' hospitalization measures are assigned to "green".

Changes to Business Safety Plan

- Reflects alignment with the State Public Health Order and Sector-Specific Guidance
- Capacities for each dial level and sector-specific guidance addressed to help businesses adhere to the current level restrictions
- Prevents the need for updating or re-submitting a plan based on changes in the dial
- Anticipated to go live no later than Monday, November 16th.
- Community Liaison & Consumer Protection teams will be reaching out requesting submission of a new Business Safety Plan

Business Safety Plan

Businesses required to have a COVID-19 Business Safety Plan Checklist on file per the Pitkin County Public Health Order, shall implement all measures listed below, and be prepared to explain why any measure that is not implemented does not apply to the business. A PDF version of this form (which constitutes as your safety plan), along with the Compliance Poster will be emailed to you after submission. Please ensure your email address has been typed in correctly. No other approval is required.

Mitigation Measures

- Follow the Five Commitments of Containment
- Interact with only those in your household - do your best to avoid any social interactions with friends and family outside of your homes throughout the month of November
- Don't go to work sick- employers can stress the importance of symptom checks and encourage those with symptoms to [get tested](#). Employers should also consider allowing employees to work from home when feasible, discouraging carpooling, and preventing employees from gathering in indoor spaces like break rooms.
- Work from home if possible
- Avoid carpooling with others not of the same household.

Discussion

- What tools and resources do you need to prepare for these restrictions?
- What mitigation measures can the business community help implement?
- Would businesses be willing to participate in a Visitor Pledge
 - 5 Commitments
 - Symptom free before traveling
 - Get tested if symptomatic or exposed
 - Adhere to all quarantine and isolation orders
- What other potential strategies would you consider to prevent moving into the Stay at Home level (Red)?
