Are you Aquatic Weed Savvy?

Do you know how to identify invasive aquatic plants?

Once you do, how do you get rid of them?

The Massachusetts Department of Conservation and Recreation presents

Invasive Aquatic Plant Identification and Management

Tuesday, September 5th, 2017, 6:00-8:00pm

Location Bancroft School Field House, 100 Shore Drive

Join us for a **free, interactive workshop** to learn how to identify and eradicate the exotic invasive aquatic plants that are threatening our local waterways. Recognizing these plants early is the best way to protect our lakes. *Light refreshments served.*
