VOICES

"One of the things I love about the American Legion Riders is it's the one program that we have that brings all of the family together. People out there don't care if you're Auxiliary, SAL or Legion. They just care that you're on the ride. They care that you're supporting the ride. And you care for one another."

- National Commander Dan K. Wiley

"We talk about what The American Legion does not only for God and country, what we do for our veterans, and for our children and youth, but we also do a lot for our community. This is a prime example of how we give back to our community. This is what we do."
