

IMARISHA MENTORING PROGRAM

About the Program

Mowgli Mentoring will be delivering a 1-year mentoring program aimed at driving the personal and professional development of innovators and entrepreneurs based in Nairobi, Kisumu and Mombasa. Within the Imarisha Mentoring Program, 24 business leaders and professionals from each of the 3 counties will be selected, trained and matched with 24 high-potential entrepreneurs - to walk with them in a shoulder-to-shoulder relationship, to provide guidance whilst developing their leadership, thought process, decision-making capabilities, confidence and skills necessary to succeed in the business world.

Register to our Mentoring Awareness Session to know more about the program and the benefits of mentoring.
