If you were to enter the Intermediate Sunday School classroom (and I hope that you will!), you would see on the wall a painting of Jesus surrounded by many children. Question: What would it be like to be in the physical presence of our Savior? What would we feel? What would we think? What would we do? My goal as the teacher of 4th, 5th and 6th graders, is to create an environment and an atmosphere where each student feels loved, accepted, and respected. For, indeed, every time our class meets, we are in the spiritual presence of Jesus.
