To Whom it May Concern:

For the past sixteen years, the Plainedge School District has utilized the internal audit services of R.S. Abrams & Co., LLP. As the Assistant Superintendent for Business at Plainedge, I have had numerous occasions to utilize the expertise that R.S. Abrams provides.

In their role as internal auditors, the firm has provided insight into multiple identified areas of risk, and most importantly, made valuable recommendations to strengthen our internal controls. On occasion when I seek advice and interpretation on accounting issues, I find the firm, from the partner to the auditors, to be accessible, responsive, knowledgeable and dedicated.

Please feel free to contact me at (516) 992-7417 if you need any additional information.

Sincerely,

Peter Porrazzo

Our Christian non-profit organization has been clients of R.S. Abrams & Co. since the 1990's. Back in those days, Marianne Van Duyne would come to our building in Baldwin to do the audits. This continued for a while, until we had to leave that building due to donations going way down. The last audit we did with Marianne was at our house. At lunchtime, I remember that we had lunch at our patio table enjoying the weather and the flowers in our garden. Marianne has always been a wonderful person to work with. We really appreciated her professionalism, thoughtfulness, and friendly manner during our audits.

After Marianne became a managing partner, our audits have been done with Brendan Nelson, Christopher Schneider, Joann Mills, and Laina Lundstrum. All of them have also been professional, thoughtful, and friendly to work with.

Presently, the requirements of the Combined Federal Campaign and New York State say that we no longer need an audit because our funding is below the monetary amounts required for an audit. If these audit requirements change, or we receive a million dollars in donations in the future (the new amount from the CFC), we will certainly use R.S. Abrams & Co. again for our audits.

The Best Charities of America Seal of Excellence is awarded to the members of Best Charities of America that have, upon rigorous independent review, been able to certify, document, and demonstrate on an annual basis that they meet the highest standards of public accountability, program effectiveness, and cost effectiveness.

These standards include those required by the US Government for inclusion in the Combined Federal Campaign, probably the most exclusive fund drive in the world.

Of the 1,000,000 charities operating in the United States today, it is estimated that fewer than 50,000, or 5 percent, meet or exceed these standards, and, of those, fewer than 2,000 have been awarded this Seal.
