Reducing Recidivism

Deadline: Rolling

Amount: \$25,000

The Bob Barker Foundation's mission is to develop and support programs that help incarcerated individuals successfully reenter society and stay out for life. We seek to fund organizations that are well managed, have a financial and fundraising plan, engage in strategic planning, and have strong leadership and engaged governance. Your organization must meet the following requirements in order to be considered for funding:

- * Your organization's work must result in reducing recidivism.
- * Your organization must work with a minimum of 100 incarcerated or formerly incarcerated individuals annually.
- * Your organization must have a 501(c)(3) tax-exempt status or a governmental, educational or research institution with tax-exempt status.
- * Your methods must be "Evidence Based" or use "Best Practices."

Hero Fund: Safety Equipment and Funding

Deadline: Rolling

Amount: Funded items will be amended and increased as technologies and needs increase

Match: (50/50 match)

Link: <https://www.herofundusa.org/>

HeroFundUSA, Inc. was founded to provide added safety equipment and other preventative measures to keep First-Responders (Police officers, Fire Fighters, and EMS personnel) safe. In addition, we support First-Responder families in times of crisis such as line-of-duty injury and death. Please limit requests to items that will ensure greater safety and well-being to police, fire, and EMS personnel. We fund certain safety equipment for police cars, ambulances, and fire apparatus; however, do not typically fund the complete purchase of vehicles/apparatus.

Items most typically funded include:

- *Police – Body armor, ballistic helmets & shields, outer-carrier vests, K9 vests & related safety gear, drones, safety partitions, communication equipment, throw ropes & related water rescue gear, stop sticks
- *Fire – Bunker/turnout gear, helmets & headlights, body armor, thermal imaging cameras, drones, communication equipment, gas detection meters, water rescue gear, throw ropes, particulate-blocking hoods
- *EMS – Gloves, face shields, body armor, ballistic helmets

Digital Voice Stress Analysis (DVSA)

Deadline: Rolling

Amount: DVSA v6+ Software for \$9950.00 per copy

DVSA is the credibility assessment software of choice in law enforcement. "Credibility Assessment" is the new politically correct name for Lie Detection, Forensic Polygraph, Psychophysiology testing, and Truth Verification examining. The number of agencies utilizing DVSA continues to grow dramatically, proving the worldwide viability of our system for

ultramodern crime fighting. In 18 years we have become the worldwide leader providing only DVSA software and/or related law enforcement training in interview and interrogation. We do not distribute computers or peripheral equipment. Our DVSA Software is available free-of-cost through this funding opportunity for law enforcement agencies, and installs on currently owned laptops, thus saving precious resources – reasonable multiple computer installation permitted. A number of law enforcement agencies have changed from the outdated CVSA, Lantern, and PSE to Baker-DVSA because of our up-to-date state-of the-art features, benefits, unmatched academic style training, and legendary customer service. Additionally, DVSA offers a free analysis of cold case audio recordings of witnesses or suspects to assist law enforcement close those cases.

Arson Dog Program

Deadline: Rolling

Amount: Awards are valued at \$25,000 per team of arson dogs

To help combat arson fraud and increase community awareness of the problem, State Farm has been providing financial support for the acquisition and training of an arsonist's worst nightmare: accelerant detection canines, better known as the arson dog. Accelerant detection canines are trained to sniff out minute traces of accelerants (gasoline, lighter fluid, etc.) that may have been used to start a fire. Each dog works and lives with their handler, a law enforcement officer or firefighter trained to investigate fire scenes. The canine and handler are required to complete 200 hours of training.

Fallen K9 Replacement Grant

Deadline: Rolling

Amount: \$10,000

To honor the lives of K9s lost in the line of duty, grants of up to \$10,000 are being offered to help fund the purchase of a new K9 and a bulletproof vest. The Stanton Foundation makes a binding commitment to provide the funds when an application is accepted. The funds become available to the Department within two weeks of receiving an invoice for the purchase of the K9 and the vest.

To be eligible, the department must:

- *Have lost an active, on-duty K9 on or after January 1, 2017;
- *Be a local police department; and
- *Be financially prepared to send the new K9 to appropriate training.

Police K9 Program

Deadline: Rolling

Amount: In-kind (not monetary)

Since 2001, NACOP has assisted police departments throughout the United States with their K-9 programs. The K-9 Partnership program has proven to be one of our most successful and rewarding programs. Unfortunately, many police agencies do not have the funding to maintain a police canine program. Many of these are small to midsize departments that simply do not have the budget to include this service. In many cases these small communities have become a haven for drug traffickers. These criminals know that the police do not have the resources to adequately protect the public from them. For most of these communities, it would only take one dog, one trained police canine to help rid the community of this criminal element.

K9s4COPs Grant

Deadline: Rolling

Amount: In-kind (not monetary)

K9's 4 COPS Foundation encourages all public safety agencies in need of a K9 to fill out a grant application. Your application will be reviewed by our team and, if further information is needed, a K9s4COPs team member will contact you. K9s are granted throughout the year and are determined based on need and if funding is available. If your agency is selected— you will receive a call from us and will be sent K9 grant acceptance paperwork that includes: a grant agreement to sign, agency contact information form, and a letter from your agency accepting the K9. Please note that we do not train K9s or accept dogs as donations. Our K9s come from approved and licensed K9 facilities and trainers that specialize in working dogs and are able to provide a broad selection of K9s for our grantees to select from. We go through lengthy measures to ensure that recipients are satisfied with their K9 selections and that they receive all

necessary documentation including health certificates, required certifications, and passports.

Alcohol Policing Partnership (APP) Grant Program

Previous Deadline: April 3, 2023 by 5pm, **TENTATIVELY 2024**

Amount: Up to \$100,000

The mission of the Alcohol Policing Partnership (APP) Program is to work with law enforcement agencies to develop an effective, comprehensive and strategic approach to

eliminating the crime and public nuisance problems associated with problem alcoholic beverage outlets. These grants will enable the selected agencies to expand their present efforts in addressing alcohol-related problems through a comprehensive ABC program that will encompass a wide range of strategies. Particular consideration will be given to those agencies that identify and emphasize a strong enforcement effort toward licensed establishments that operate in a disorderly manner, create an undue burden on law enforcement services, or contribute to quality-of-life problems for the surrounding community. Agencies are limited to submitting one proposal per agency.

BJA FY 2023 Project Safe Neighborhoods Formula Grant Program

Previous Deadline: 4/4/2023 - Grants.gov deadline, 4/11/2023 - JustGrants deadline,
TENTATIVELY 2024

Amount: Up to \$215,053

With this solicitation, BJA seeks applications for funding under the Project Safe Neighborhoods Formula Grant Program (PSN). PSN is a nationwide initiative that brings together federal, state, local, tribal, and territorial law enforcement officials, prosecutors, community-based partners, and other stakeholders to identify the most pressing violent crime problems in a community and develop comprehensive solutions to address them. BJA expects applicants to use funds to support one or more of the following four PSN design features:

1) Community Engagement - and other stakeholders is an essential component of an effective violence reduction strategy. Absent community trust, support, and legitimacy, violence reduction strategies are likely to have only short-term, limited, or no effect and may create divisions between law enforcement agencies and prosecutors and the communities they serve. Ongoing engagement involves open communication and builds relationships, trust, and shared public safety values between community members and law enforcement.

2) Prevention & Intervention - Effective PSN Teams engage in problem-solving approaches that address violent crime using all the tools at their disposal. This includes utilizing strategies to address risk and protective factors, which often involves building relationships with

representatives of agencies and organizations most suited to provide education, social services, job training and placement, reentry programs, or similar resources to those in need. Prevention and intervention activities can provide individuals and families with skills, opportunities, and alternatives that can ultimately help to reduce violent crime in communities.

3) Focused & Strategic Enforcement - number of problem places and individuals driving violent crime. Violent crime is often driven by a small number of prolific offenders; they are often involved in gangs, neighborhood crews, and violent street groups and are typically concentrated in hotspots and small “micro-places” (e.g., a street segment with abandoned homes; a problem bar, gas station, or convenience store; or an open-air drug market). In some jurisdictions, intimate partner violence is the main violent crime concern. Critical elements of strategic enforcement include understanding the most significant drivers of violence and resources, leveraging technology and analytics, developing and implementing enforcement strategies, and deterring others from engaging in violence, which could also be through public awareness about enforcement actions and available assistance.

4) Accountability - capital, and other resources at the national, state, and local levels. Since the ultimate goal of PSN is to reduce the level of violence in our communities, analyzing and assessing information about the incidence of violence and the effectiveness of strategies to address it are important for PSN’s success and credibility. A research partner is an especially valuable partner who can assist with measuring the impact of PSN strategies on violent crime and community health.

National Sexual Assault Kit Initiative (SAKI)

Previous Deadline: 5/27/2023, **TENTATIVELY 2024**

Amount: Average grant size is approximately \$1,200,000

This program engages in multi-disciplinary policy development, implementation, collaboration to enhance: 1) State and local jurisdictions' capacities to respond to violent crime; and 2) the functioning of the criminal justice system through the investigation and prosecution of cases resulting from SAKI evidence and the collection of lawfully owed DNA. SAKI ultimately improves practices related to investigation, prosecution and victim engagement, while also

providing further support in connection with evidence/cases resulting from the testing process. Increasing access to the training needed for proper inventorying, testing, and tracking sexual assault kits will directly address the issue and impact of unsubmitted sexual assault kits at law enforcement agencies.

Intellectual Property Enforcement Program (IPEP)

Previous Deadline: 6/1/2023, **TENTATIVELY 2024**

Amount: \$375,000

IPEP enhances the capacities of state, local, tribal, and territorial criminal justice systems to address intellectual property enforcement (including prosecution, prevention, training and TA) with the program specifically designed to better protect public health, safety, and the economy from counterfeit goods and product piracy. This will be accomplished by building partnerships with federal agencies and prosecutors, while working to actively prevent/reduce intellectual property theft and related crimes through community and buyer awareness. Applicants must detail how they intend to aggressively investigate and prosecute IP crimes, with a particular focus on: 1) Public health and safety; 2) Theft of trade secrets and economic espionage; and 3) Large-scale commercial counterfeit and piracy.

Smart Reentry and Supervision: Grants, Tools, and Technical Assistance to Facilitate Change

Previous Deadline: June 8, 2023 **TENTATIVELY 2024**

Amount: \$850,000 to \$7,000,000

This program provides resources to support states and units of local government in planning, implementing, or expanding effective reentry and supervision practices and service delivery systems that address individuals' needs and reduce recidivism. There are three solicitation categories: 1) Smart Reentry; 2) Smart Supervision; 3) Training and TA. In all these cases, promoting success requires addressing underlying risk and needs among the target population (adults in reentry or on supervision). At the same time, both institutional and community corrections agencies are balancing a shrinking workforce with a complicated mission to facilitate successful outcomes for their target populations.

FY 2023 Rural and Small Department Violent Crime Reduction Program

Previous Deadline: 6/13/2023 **TENTATIVELY 2024**

Amount: Up to \$300,000

Eligibility: City or township governments, County governments, Native American tribal governments (federally recognized)

Match: Not Required

With this solicitation, the Bureau of Justice Assistance (BJA) seeks to support small and rural agencies in their efforts to combat violent crime. This program will provide funding to small and/or rural agencies and/or to prosecutors who are interested in implementing or improving the capacity of their organization around one or more critical elements found in the Violent Crime Reductions Operations Guide or the Prosecutors' Guide to Reducing Violence and Building Safer Communities. The Operations Guide and Prosecutor's Guide both specifically list technology as a critical element, and within that element it specifically lists ALPRs. The Flock camera network is something Chief Hofford would like to bring to Irwindale PD. Even more important that Flock is the technology of BWCs. BWCs produce video evidence at crime scenes,

use of force encounters, pursuits, etc. It is a critical need for this agency.

The Community Courts Program and Initiative

Previous Deadline: 6/21/2023, **TENTATIVELY 2024**

Amount: \$600,000

Community courts are neighborhood-focused court programs that combine the power of the community and the justice system to address local problems. They connect persons committing less serious crimes—often misdemeanor cases—to judicially supervised drug treatment, alternative sanctions, and other community-based services. Community courts enhance public safety by addressing underlying issues that lead to criminal behavior, including substance use and behavioral health issues. By engaging communities in planning and operational processes, they provide justice system officials with more effective options in dealing with lower-level offenses, enhance public trust in the conduct of justice, and help to reduce unnecessary incarceration. The types of cases community courts accept vary depending on the communities that they serve. Courts in residential neighborhoods are more likely to address housing, environmental issues, and youth crime, whereas those in downtown areas prioritize issues such as homelessness and disorderly conduct.
