

Current Grant Opportunities

CalOES: Hazard Mitigation Grant Program (HMGP)

Deadline: Rolling NOI

Amount: Can fund both planning and implementation. Planning: \$150,000 for single jurisdiction plan, \$250,000 for multi-jurisdiction plan. Implementation: no maximum for grant award requests

Match: Generally, HMA funds may be used to pay up to 75% of the eligible activity costs. The remaining 25% of eligible activity costs are derived from non-Federal sources

Eligibility: States, local communities and tribal governments

<https://www.caloes.ca.gov/office-of-the-director/operations/recovery-directorate/hazard-mitigation/hm-grant-opportunities/hma-hmgrp/>

Funding Priorities:

- Local Hazard Mitigation Plans (LHMP) updates that will expire within 24 months.
- All other LHMP updates.
- Shovel ready projects with a high level of design that can begin construction within 90 days of FEMA approval, in declared counties.
- Shovel ready projects with a high level of design that can begin constructions within 90 days of FEMA approval, in all other counties.
- Whole community risk reduction/large critical infrastructure wildfire projects.
- Whole community risk reduction/large critical infrastructure projects for other hazard types.
- Wildfire projects in any county.
- All hazard type projects in any county.
- Planning related activities.
- Five percent (5%) Initiative projects.

California Coastal Conservancy

Deadline: Rolling

Amount: There are no maximum or minimum grant amounts for this funding; however, it is anticipated that most grants will be between \$200,000 and \$5,000,000.

Match: No

<https://scc.ca.gov/grants/>

The Coastal Conservancy funds a wide variety of projects along the California coast, San Francisco Bay, and in coastal watersheds to increase availability of beaches, parks and trails for the public, protect and restore natural lands and wildlife habitat, preserve working lands, and increase community resilience to the impacts of climate change including wildfire resilience.

The Conservancy will fund most stages of a project including: pre-project feasibility studies, property acquisition, project planning including community involvement, design, environmental review, permitting, construction, and project-related monitoring. We do not fund operation and maintenance activities.

CalHVIP: Small Fleet Incentive Funding

Deadline: Opens October 21st, first come first serve

Amount: \$30.77M available, voucher amounts vary.

Match: No

Link: <https://californiahvip.org/funding/>

Small Business Voucher Amounts: Public and non-profit fleets with a global fleet of 20 or fewer trucks, and private fleets with 20 or fewer trucks and \$15 million or less of annual revenue are eligible for the small fleet voucher amount. Fleets may use the small fleet voucher for a lifetime maximum of 5 vehicles. Fleet sizes include vehicles registered as non-operational. Any voucher in excess of 5 will be eligible for the base voucher amount. See the IM for more details.

CalHVIP: Clean Bus and Truck Vouchers

Deadline: Rolling

The [Clean Truck and Bus Voucher Incentive Project \(HVIP\)](#) is now accepting voucher request applications.

On December 9, 2025, the California Air Resources Board (CARB) released an [Addendum to the Fiscal Year 2024–25 Implementation Manual \(IM\)](#). The addendum includes important program changes that may impact voucher eligibility and requirements.

Key Updates:

Eligible fleets can use HVIP vouchers to purchase Class 2b pickups.

Clean Fuel Rewards can now stack with HVIP for Class 8 truck purchases.

Clarified language for better understanding.

Review the full Addendum before submitting your voucher request. Visit californiahvip.org/funding for details on available funding.

USDOT FHA: Bridge Investment Program

Deadline: ~~Planning: June 15th, Bridge: June 29th~~, **Large Bridge:** August 1, 2026

Amount: \$2.5-100M

Eligibility: State governments, City or township governments, County governments, Special district governments, Others (see text field entitled "Additional Information on Eligibility" for clarification), Native American tribal governments (Federally recognized)

Match: Yes, varies depending on project size and other funding sources

<https://www.fhwa.dot.gov/bridge/bip/>

The Bridge Investment Program is a competitive, discretionary program that focuses on existing bridges to reduce the overall number of bridges in poor condition, or in fair condition at risk of falling into poor condition. It also expands applicant eligibilities to create opportunity for all levels of government to be direct recipients of program funds. Alongside states and federal lands management agencies, metropolitan planning organizations and local and tribal governments can also apply directly to FHWA, making it easier to advance projects at the local level that meet community needs.

California Strategic Growth Council: Transformative Climate Communities Grants

Deadline: September 30th

Amount: Up to \$300,000 for planning, \$5,000,000 for project development and \$35,000,000 for implementation

Match: No

<https://sgc.ca.gov/grant-programs/tcc/>

TCC's unique, place-based strategy for reducing greenhouse gas emissions is designed to catalyze collective impact through a combination of community-driven climate projects in a single neighborhood. Projects must reduce greenhouse gas emissions significantly over time, leverage

additional funding sources, and provide health, environmental and economic benefits to the community.

Project examples include, but are not limited to:

- » Affordable and sustainable housing developments
- » Transit stations and facilities
- » Electric bicycle and car share programs
- » Solar installation and energy efficiency
- » Water-energy efficiency installations
- » Urban greening and green infrastructure
- » Bicycle and pedestrian facilities
- » Recycling and waste management
- » Health equity and well-being projects (including parks)
- » Brownfields redevelopment
- » Community microgrids
- » Indoor air pollution reduction
- » Community Resilience Centers (CRCs)

USDOJ: COPS Hiring Program

Deadline: STEP 1: Submit an SF-424 in Grants.gov.

GRANTS.GOV APPLICATION DEADLINE: **THURSDAY, JULY 23, 2026 (4:59 PM ET).**

STEP 2: Submit the full application including attachments in JustGrants.

JUSTGRANTS APPLICATION DEADLINE: **WEDNESDAY, JULY 29, 2026 (4:59 PM ET).**

Amount: Up to \$125,000 over three years (not each year)

Match: minimum 25% local cash match

Link: <https://cops.usdoj.gov/chp>

The goal of the COPS Hiring Program (CHP) is to provide funding directly to law enforcement agencies to hire and/or rehire additional career law enforcement officers in an effort to increase their community policing capacity and crime prevention efforts. Anticipated outcomes of CHP awards include engagement in planned community partnerships, implementation of projects to analyze and assess problems, implementation of changes to personnel and agency management in support of community policing, and increased capacity of agency to engage in community policing activities

USBR: Drought Resiliency Projects

Deadline: July 28, 2026

Amount: Up to \$5 million per project

Match: 50% non-federal cost share required

Eligibility: States, Indian tribes, irrigation districts, water districts, and other organizations with water or power delivery authority in the Western United States or Alaska

Link: [USBR Drought Resiliency Projects](#)

Summary: The U.S. Bureau of Reclamation (USBR) Drought Resiliency Projects grant program offers funding to help communities in the Western United States and Alaska build resilience to drought. The program focuses on long-term infrastructure improvements to enhance water supply reliability, increase drought preparedness, and reduce the need for emergency drought response actions.

Key Program Goals:

- **Enhance Water Supply Reliability:** Improve water storage, conveyance, and distribution systems to boost water supply reliability during droughts.
- **Boost Drought Preparedness:** Help communities prepare for future droughts by reducing their vulnerability to water shortages.
- **Promote Infrastructure Resilience:** Fund projects that strengthen infrastructure, ensuring it can withstand and recover from drought impacts.

Eligible Projects:

- **Water Management:** Upgrading water storage, conveyance, and distribution systems.

- **Water Conservation:** Implementing irrigation efficiency measures and reducing water losses.
- **Water Supply Augmentation:** Developing new water sources like groundwater storage and water reuse systems.
- **Infrastructure Resilience:** Enhancing infrastructure to ensure long-term water supply sustainability.

Requirements:

- 1) *Projects must be tied to an existing Drought Contingency Plan.* Reclamation funds these as the "mitigation actions" identified through prior drought planning. Applicants without a DCP generally aren't competitive.
- 2) *Projects must be in the final design stage.* This is a construction grant, not a planning or feasibility grant — shovels-near-ground only.

US Department of Justice: Law Enforcement Mental Health and Wellness Act (LEMHWA) Program

Deadline: STEP 1: Submit an SF-424 in Grants.gov.

GRANTS.GOV APPLICATION DEADLINE: **THURSDAY, JULY 30, 2026 (4:59 PM ET).**

STEP 2: Submit the full application including attachments in JustGrants.

JUSTGRANTS APPLICATION DEADLINE: **WEDNESDAY, AUGUST 5, 2026 (4:59 PM ET).**

Amount: max of \$250,000 (24 month duration)

Match: No

Link: <https://cops.usdoj.gov/lemhwa>

The Law Enforcement Mental Health and Wellness Act (LEMHWA) program furthers the Administration priority of supporting the mental health and wellness of law enforcement officers and their families. Through the LEMHWA program, the Department of Justice will fund the delivery of and access to mental health and wellness services for law enforcement officers and their families through the implementation of peer support, training, family resources, suicide prevention, stress reduction, clinical support, and other promising practices for wellness programs.

This goal will be achieved by:

Increasing law enforcement agency capacity to provide mental health and wellness training and resources for employees of law enforcement agencies and their families.

Increasing law enforcement agency capacity to implement peer support networks for crisis and non-crisis circumstances.

Increasing law enforcement agency capacity to create a culture of wellness by supporting the implementation of mental health education and development of resources

The FY26 LEMHWA program has three funding opportunity:

- **Start-up LEMHWA Implementation Projects** - The goal of this program is to provide support to law enforcement agencies that do not have established law enforcement-specific mental health and wellness programming. These funds will serve as start-up costs to support the development of new mental health and wellness service and programming.
- **Enhanced LEMHWA Implementation Projects** - The goal of this program is to provide support for law enforcement agencies that have current wellness programs in place and are seeking to enhance or expand upon those existing wellness programs.
- **LEMHWA Community of Practice Initiative** - The goal of this program is to fund a provider that will create a support network for LEMHWA grantees that includes peer support and technical assistance through the development and facilitation of an innovative forum where grantees can learn from their peers and share promising practices. The forum should be responsive and adaptive to the needs of the LEMHWA grantees.

Parks California: 2027 Route to Parks Grant Program

Deadline: July 31st, 2026

Amount: Total Funds Available: \$1.1 million, Minimum: Not specified, Maximum: Not specified, but ~ \$30,000

Match: Not required

Eligible applicants: Local government agencies, 501(c)(3) organizations, Native American tribes (recognized or not), Native 7871 organizations, and fiscally sponsored community organizations.

<https://www.grantinterface.com/Opportunity/Catalog/Index?urlkey=parksca>

The Route to Parks Grant Program helps organizations remove barriers that limit access to California State Parks, particularly for underserved and historically marginalized communities. Funding supports transportation solutions and outdoor experiences that foster meaningful connections with nature through recreational, environmental, cultural, and historical programming. Projects must primarily take place at California State Parks and demonstrate collaboration with State Parks staff. Preference is given to programs that connect inland communities to inland waterways, provide multiple park visits, engage participants in program development, and encourage continued independent outdoor recreation. Funded projects are expected to operate during calendar year 2027.

Eligible types of projects include:

Transportation programs connecting underserved communities to California State Parks

Environmental education and outdoor learning experiences

Recreational activities and nature-based programming at California State Parks

Waterway and watershed education, recreation, and interpretation programs

Ineligible types of projects:

Programs where the majority of activities occur outside California State Parks

Projects that do not address access barriers to California State Parks

Programs that primarily serve communities outside the intended underserved population focus

Projects lacking required coordination with California State Parks staff

Key grant considerations:

More than 50% of park experiences must take place at California State Parks

Applicants must coordinate with relevant California State Parks staff before submitting an application

Projects should begin January 1, 2027 and be completed by December 31, 2027

Proof of required insurance coverage must be provided prior to program implementation if awarded.

FM Global: Fire Prevention Grant Program

Deadline: Applications open on August 3rd at 12pm EST and will remain open until 300 applications are received.

Amount: \$5,000

Match: No

Eligibility: Governmental unit or nonprofit

<https://fs20.formsite.com/fmgrants/zwzinifw8r/index>

Grants of 5,000 USD will be awarded to improve the response of fire service organizations by ensuring they have access to the necessary resources for pre-incident planning. This includes funding for technology, training, equipment, and other critical components that contribute to the development of detailed, actionable plans tailored to the unique needs and risks of their respective communities.

Grant funds may be used for a variety of purposes, including but not limited to:

- Acquisition of pre-incident planning software and technologies.
- Training and workshops for personnel on effective planning techniques.
- Development of detailed maps, blueprints, and databases of high-risk areas.

- Conducting risk assessments and simulations to refine response strategies.

Governor's Office of Land Use and Climate Innovation: Extreme Heat and Community Resilience Program (EHCRP)

Deadline:

- Step 1: Submit a Pre-Application Interest Form via Submittable. Window 2 opens on July 1, 2026, and closes on **August 11 at 2:00 PM PST**.
- Step 2: Submit the Full Application Form via Submittable. The Full Application Form is only available to applicants who have completed a Pre-Application Interest Form. The Full Application Form must be submitted by **October 13, 2026, at 2:00 PM PST**.

Amount: \$27.5M available through Prop 4.

Early Transformative Infrastructure: \$750,000 - \$1.2M

Advanced Transformative Infrastructure: \$3M - \$4.5M

Eligibility: Local and Regional Public Entities; California Native American tribes, community-based organizations; and coalitions, collaboratives, or associations of nonprofit organizations that a 501(c)(3) non-profit or academic institution sponsors.

****Cities must partner with a CBO or a Public Academic Institution on this**

Match: None

URL: <https://opr.ca.gov/climate/icarp/grants/extreme-heat-community-resilience.html>

Purpose: The Extreme Heat and Community Resilience Program (the Program) is housed within the Integrated Climate Adaptation and Resiliency Program (ICARP) at the Governor's Office of Land Use and Climate Innovation (LCI). The Program supports heat action planning and project implementation to protect California's communities most vulnerable to the impacts of extreme heat. The following policy pieces shaped the Program: SB 155, the Public Resources Trailer Bill (2021), made available resources in the 2022–23 fiscal year to LCI through the ICARP. The bill established a grant program for projects that mitigate the impacts of extreme heat or the urban heat island effect through planning and implementation. Additional rounds of the grant program have been made available through additional funding sources. The funds for Round 2 come from Proposition 4 Bond funds and the Greenhouse Gas Reduction Fund (GGRF).

CalRecycle: Beverage Container Recycling Grants

Deadline: 8/11/2026

Amount: \$75,000 to \$275,000 available for individual grant awards.

Link: <https://calrecycle.ca.gov/BevContainer/Grants/BevContainer/>

Purpose: To reach and maintain an 80% recycling rate for all California Refund Value (CRV) beverage containers – aluminum, glass, plastic, and bi-metal. This grant program encourages market development and expansion activities for beverage container materials by helping organizations establish convenient recycling and litter abatement projects.

Eligible costs are limited to the following:

- Personnel costs directly related to the start-up/implementation of the project are capped at 25% of the total grant award, such as:
 - Recycling coordinator salaries or wages for those directly involved, students, consultants
- Purchase of equipment or materials related to infrastructure such as:
 - Beverage container recycling bins/receptacles
 - Cluster bins
 - Lids
 - Receptacle liner
 - In-unit totes (multi-family residential dwellings)

- Pads/enclosures to accommodate centralized roll-off, balers, scales, optical sorters (for municipality operating its own Material Recovery Facility)
- Equipment modifications
- Signage
- Brochures
- Installation costs for equipment
- Service cart for use in collection of materials
- Laptops, computers, etc.
- Purchase of water refill stations, including the installation, replacement of current infrastructure, plumbing, maintenance, additional attachments or modifications, or related educational and outreach activities/materials promoting water refill stations.
- Purchase of mobile water trailer bars, including replacement of filters, maintenance, additional attachments or modifications, reusable cups/refillable bottles utilized for and purchased/leased with the water trailer bars, and related education and outreach activities/materials as eligible expenditures.
- Direct operating expenses associated with project activities.
- Expenses for an ongoing collection program (excluding single stream).
- Education activities and/or materials promoting beverage container recycling (not to exceed a maximum cap of 25% of the total grant award). May be included as part of the Mandatory Commercial Recycling Plan for local jurisdiction applicants.
- Funding must have a direct connection to the CRV of beverage containers and the overall program.
 - If non-CRV items are included in the grant, they are subject to proportional cost.
- Dual bin collection systems permanently attached together to include landfill and CRV beverage containers are 100% eligible.
- Litter reduction and cleanup along the United States-Mexico border where the waste stream includes beverage containers that will be recycled.

USBR: Desalination Construction Projects

Deadline: August 26, 2026

Amount: Varies based on project scope

Match: Typically requires a 75% non-federal cost share

Eligibility: States, Indian tribes, water districts, and other organizations with water or power delivery authority

Link: <https://www.grants.gov/search-results-detail/362396>

Summary: This funding opportunity supports desalination projects to create new water supplies in areas facing water scarcity, enhancing the sustainability of water resources in the Western United States.

USBR: Title XVI Reclamation and Reuse Projects

Deadline: August 26th, 2026 and 2027

Amount: Varies based on project scope

Match: Typically requires a 75% non-federal cost share

Eligibility: States, Indian tribes, water districts, and other organizations with water or power delivery authority

Link: [USBR Title XVI WIIN Act Projects](#)

Summary: The WaterSMART Title XVI Water Reclamation and Reuse Projects NOFO invites eligible applicants to submit proposals for the planning, design, and/or construction of water reclamation and reuse projects. Title XVI projects develop and supplement urban and irrigation water supplies through

water reuse, which provides growing communities with new sources of clean water, increases water management flexibility during times of shortage, and makes the water supply more reliable.

USBR: WaterSMART Enhancing Water Resources Projects

Deadline: September 9th, 2026

Amount: Min \$50,000, Max \$3,000,000

Match: 25%

Eligibility: States, Indian tribes, irrigation districts, water districts, and other organizations with water or power delivery authority in the Western United States

Link: <https://www.grants.gov/search-results-detail/362394>

Summary: The objective of the WaterSMART Enhancing Water Resources Projects funding opportunity is to invite eligible entities to apply for funding to implement projects per the authorizing language referenced above that benefit water resource management for multiple uses, including water conservation and efficiency projects, water infrastructure improvements, and river and watershed restoration. Projects that balance numerous community interests (agriculture, recreation, fisheries, power, etc.), were developed collaboratively, and provide significant watershed benefits will be prioritized under this funding opportunity.

California Strategic Growth Council: Community Resilience Centers Program

Deadline: Planning Grants: Final applications are due Sept. 4, 2026, at 11:59 p.m. Pacific Time. o Implementation Grants: Final applications due Sept. 25, 2026, at 11:59 p.m. Pacific Time. Finalist interviews will take place early 2027.

Amount: Planning grants: \$100,000 to \$500,000; Implementation grants: \$1M - \$10M

Match: No

Eligibility: Cities, counties, special districts, JPAs, COGs, nonprofits, tribes, CBOs, community development finance institutions or community development corporations, emergency management, response, preparedness and recovery service providers and organizations. All communities are eligible to apply. SGC Staff will prioritize projects located in under-resourced communities.

*****One partner required for planning, two partners required for implementation**

Program URL: <https://sgc.ca.gov/grant-programs/crc/>

Summary: The program objectives inspire and guide the CRC Program's overall design and implementation. As such, all applicants should be mindful of the program objectives when designing their applications and implementing their projects. The CRC Program objectives are to:

- Fund the planning, construction, and retrofit of community resilience centers across California's diverse communities.
- Advance local communities' capacity to respond to and recover from emergencies as they build long-term resilience.
- Encourage meaningful engagement, cross-sectoral collaboration, community-based partnerships, and shared governance and decision-making models.
- Mitigate the public health impacts of extreme heat and other emergencies exacerbated by climate change.
- Prioritize projects located in and benefiting under-resourced, rural, unincorporated, and Tribal communities across geographically diverse regions in the state of California.

CalTrans: Local Highway Safety Improvement Program (HSIP)

Due: Monday, November 2, 2026

Amount: min \$100k - max \$10 m

Match: No

Eligibility: Must be a city, a county, or a tribal government federally recognized within the State of California.

Link: <https://dot.ca.gov/programs/local-assistance/fed-and-state-programs/highway-safety-improvement-program>

Purpose: achieving a significant reduction in fatalities and serious injuries on all public roads. The

Division of Local Assistance (DLA) manages California's local agency share of HSIP funds. California's Local HSIP focuses on infrastructure projects with nationally recognized crash reduction factors (CRFs). Local HSIP projects must be identified on the basis of crash experience, crash potential, crash rate, or other data-supported means.

CPUC: Cal Advanced Services Broadband Adoption Account

Deadline: January 1, 2027

Amount: The CASF Adoption Account is authorized \$20.024 million for fiscal year 2023-2024 to provide grants to increase publicly available or after-school broadband access and digital inclusion.

Match: Yes, 15%

Link:

<https://www.cpuc.ca.gov/industries-and-topics/internet-and-phone/california-advanced-services-fund/casf-adoption-account>

Purpose: Pursuant to Public Utilities (Pub. Util.) Code section 281, moneys in the CASF Adoption Account are available to the Commission to award grants to increase publicly available or after-school broadband access and digital inclusion, such as grants for digital literacy training programs and public education to communities with limited broadband adoption. The Commission is required to give preference to programs and projects in communities with demonstrated low broadband access, including low-income communities, senior citizen communities, and communities facing socioeconomic barriers to broadband adoption.

EDA: FY25 Disaster Supplemental Grant

Deadline: Industry Transformation Grants due March 3rd, 2026, all other applications are accepted on a rolling basis.

Amount:

- Readiness Path: \$250,000 to \$500,000
- Implementation Path: \$2 million to \$20 million for construction projects and \$100,000 to \$5 million for non-construction projects
- Industry Transformation Path: \$20 million to \$50 million

Match: EDA generally expects to fund up to 80% of project costs. EDA may fund up to 100% for Tribal applicants and severely distressed applicants.

Eligibility: Projects must be located in, primarily serve, or demonstrably benefit one or more communities in areas that received a major disaster designation occurring in calendar years 2023 and 2024. Check eligibility here: <https://www.fema.gov/disaster/declarations>

Link: <https://www.eda.gov/strategic-initiatives/disaster-recovery/supplemental/2025>

The EDA FY 2025 Disaster Supplemental NOFO is available on [grants.gov](https://www.grants.gov) and [eda.gov](https://www.eda.gov). EDA funding can support both construction and non-construction projects.

EDA's Disaster NOFO provides funding through three funding pathways:

- **Readiness Path** – Capacity building and strategic planning projects that set the stage for future investment.
- **Implementation Path** – Standalone construction and non-construction projects that help communities recover from natural disasters and advance recovery and growth.
- **Industry Transformation Path** – Coalition-led, multi-project portfolios that transform regional economies through targeted industry development.

Economic Development Administration (EDA): PWEAA

Due: Rolling basis, no deadline.

Amount: \$100,000 to \$3,000,000

Match: 0%-20%

Eligibility:

City or township governments

Native American tribal governments (Federally recognized)

Public and State controlled institutions of higher education

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Private institutions of higher education

State governments

County governments

Special district governments

Link: <https://www.eda.gov/funding/funding-opportunities>

Purpose: EDA has authority to provide grants to meet the full range of communities' and regions' economic development needs from planning and technical assistance to construction of infrastructure. These grants are made through a series of Notices of Funding Opportunity (NOFOs) that can be found on EDA's website at <https://www.eda.gov/funding/funding-opportunities> and are designed to support the economic development activities most useful to a community based on its needs and circumstances. EDA funds community or regionally generated ideas and assists communities to advance to the next level of economic development.

This NOFO, which supersedes the FY20 PWEAA NOFO, sets out EDA's application submission and review procedures for two of EDA's core economic development programs authorized under the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. § 3121 et seq.) (PWEDA): (1) Public Works and Economic Development Facilities (Public Works) and (2) Economic Adjustment Assistance (EAA).

EDA supports bottom-up strategies that build on regional assets to spur economic growth and resiliency. EDA encourages its grantees throughout the country to develop initiatives that present new ideas and creative approaches to advance economic prosperity in distressed communities.

Through this NOFO EDA intends to advance general economic development in accordance with EDA's investment priorities, but also to pursue projects that, where practicable, incorporate specific priorities related to equity, workforce development, and climate change resiliency so that investments can benefit everyone for decades to come.

***CEDS (Comprehensive Economic Development Strategy) needed for EDA grants

SRF Programs

Deadline: Ongoing

Amount: Varies Depending on Project

Match: Low Cost Loan with PF option

Link: https://www.waterboards.ca.gov/water_issues/programs/

Purpose: Funding for Drinkingwater, Wastewater, and Stormwater projects.
