CalFIRE: Wildfire Resilience and Forestry Assistance Grant

Deadline: February 26, 2024, 5:00 p.m. PST.

Amount: Up to \$7 million may be awarded through this grant solicitation for projects addressing Action Items 1.11, 1.13 and 1.14. The minimum grant request should be no less than \$1 million. The maximum allowable is \$3 million. Up to \$1 million may be awarded through this grant solicitation for projects addressing Action Item. 1.10. The minimum grant request should be no less than \$500,000.

Eligibility: Applicants submitting projects addressing action items 1.11, 1.13 and 1.14 are limited to Resource Conservation Districts (RCD's) and special districts capable of acting as lead agency for CEQA projects. These applicants must demonstrate they have the capacity to deliver a forestry based technical and financial assistance program to non-industrial forest landowners. Applicants submitting projects addressing action items 1.10 are limited counties, resource conservation districts, special districts, and 501(c)(3) non-profit organizations.

Match: Varies based on Action Item (See Guidelines)

<https://www.fire.ca.gov/what-we-do/natural-resource-management/wildfire-resilience>

The purpose of the block grant is to allow prospective grantees the ability to provide a program of financial and technical forestry assistance to nonindustrial forest landowners, where the grantee serves as the supervising entity, receives the grant from CAL FIRE and then provides outreach and/or technical/financial assistance to landowners so they can conduct forest restoration or management activities on their property.

CAL FIRE's Wildfire Resilience team seeks to maintain and enhance the resilience of California's small non-industrial private forestland owners to promote healthy resilient forests throughout the state by supporting a diverse set of projects designed to interact with landowners. Depending on the grant objectives, grants can prove the following:

- Funding of forest improvement practices including but not limited to tree and brush thinning, tree release, pruning, site preparation and tree planting, follow up work to support tree growth, and/or slash disposal.
- Technical assistance

This program remains dependent on special funds.

Fire Prevention and Safety

Deadline: March 2024 (est.)

Amount: Max \$1.5 Million

Match: Not Required

<https://www.fema.gov/grants/preparedness/firefighters/safety-awards>

The Fire Prevention and Safety (FP&S) Grants are part of the Assistance to Firefighters Grants (AFG) and support projects that enhance the safety of the public and firefighters from fire and related hazards. The primary goal is to reduce injury and prevent death among high-risk populations. In 2005, Congress reauthorized funding for FP&S and expanded the eligible uses of funds to include Firefighter Safety Research and Development.

Staffing For Adequate Fire and Emergency Response (SAFER)

Deadline: Spring 2024 (est.)

Amount: \$1.2M

Match: No

<https://www.fema.gov/grants/preparedness/firefighters/safer/documents>

The Staffing for Adequate Fire and Emergency Response Grants (SAFER) was created to provide funding directly to fire departments and volunteer firefighter interest organizations to help them increase or maintain the number of trained, "front line" firefighters available in their communities.

The goal of SAFER is to enhance the local fire departments' abilities to comply with staffing, response and operational standards established by the NFPA (NFPA 1710 and/or NFPA 1720). For details, review the National Fire Protection Association's codes and standards.

CA Fire Foundation

Deadline: June 2024 (est.)

Amount: \$25,000

Match: No

<https://www.cafirefoundation.org/what-we-do/for-grant-seekers/funding-opportunities>

California-based fire departments, firefighter associations, federally-recognized tribes, and local nonprofit organizations encouraged to apply! In this upcoming cycle, funding priority will be given to those applicants whose climate-driven wildfire and other disaster prevention or preparedness projects serve under-resourced communities at heightened wildfire risk or traditionally vulnerable populations.

Up to \$25K available for each eligible project. In response to feedback and the needs of communities, the Foundation is excited to be able to offer larger awards in this cycle. Thanks to the generosity of [our major funding partners](#), we anticipate funding impactful projects with extended reach -- projects that actively protect and enhance the public's safety and the safety of California's fire service first responders via:

- Vegetation Mitigation & Fuels Reduction Efforts
- Education, Planning and/or Community Outreach Campaigns
- Personal Protective Equipment or Specialized Equipment Purchases

Community Wildfire Prevention and Mitigation

Deadline: 2024 (est.)

Amount: up to \$500,000

<https://resources.ca.gov/Initiatives/Community-Wildfire-Prevention-and-Mitigation>

As part of the State of California's effort to strengthen community-wide resilience against wildfires, the California Governor's Office of Emergency Services (Cal OES) has partnered with the California Department of Forestry and Fire Protection (CAL FIRE) to develop a state home hardening initiative to retrofit, harden, and create defensible space for homes at high risk to wildfires, focusing on high socially-vulnerability communities and providing financial assistance for low- and moderate-income households. Governor Gavin Newsom signed Assembly Bill 38 in 2019 authorizing Cal OES and CAL FIRE to enter into a joint powers agreement to oversee the development and implementation of the Program.

Known as the Home Hardening Program, this effort encourages cost-effective wildfire resilience measures to create fire-resistant homes, businesses, public buildings, and public spaces. Mitigation measures such as home hardening, vegetation management, defensible space, and other fuel modification activities provide neighborhood or community-wide benefits against wildfire.

Regional Catastrophic Preparedness Grant Program

Deadline: TBD; coming soon!

Amount: Around \$500,000

Match: None

<https://www.fema.gov/grants/preparedness/regional-catastrophic#nofos>

The Regional Catastrophic Preparedness Grant Program (RCPGP) plays an important role in the implementation of the National Preparedness System. RCPGP supports the building of core capabilities essential to achieving the National Preparedness Goal of a secure and resilient nation by providing resources to close known capability gaps in Housing and Logistics and Supply Chain Management,

encouraging innovative regional solutions to issues related to catastrophic incidents, and building on existing regional efforts.

USDA Community Wildfire Defense

Deadline: October 2024 (est.)

Amount: The maximum amount of Federal funding awarded to any one community or Tribe via this competitive process is:

- \$250,000 for the creation or updating of a Community Wildfire Protection Plan.
- \$10 million for a project described within a Community Wildfire Protection Plan less than 10 years old.
- For planning purposes, the total Federal funding available through the CWDG competitive process could be up to \$250 million for this second round.

Match: Yes

<https://www.fs.usda.gov/managing-land/fire/grants>

This program, which was authorized by the Bipartisan Infrastructure Law, prioritizes at-risk communities in an area identified as having high or very high wildfire hazard potential, are low-income, or have been impacted by a severe disaster that affects the risk of wildfire. More details on these three priorities can be found in the Notices of Funding Opportunity (NOFOs) below.

The program provides funding to communities for two primary purposes:

- Develop and revise Community Wildfire Protection Plans (CWPP).
- Implement projects described in a Community Wildfire Protection Plan that is less than ten years old.

The Community Wildfire Defense Grant Program also helps communities in the wildland urban interface (WUI) implement the three goals of the National Cohesive Wildland Fire Management Strategy.

Restore and Maintain Landscapes: Landscapes across all jurisdictions are resilient to fire-related disturbances, in accordance with management objectives.

Create Fire Adapted Communities: Human populations and infrastructure can better withstand a wildfire without loss of life and property.

Improve Wildfire Response: All jurisdictions participate in making and implementing safe, effective, efficient risk-based wildfire management decisions.

****Priority to disadvantaged communities**

FM Global Fire Prevention Grant Program

Deadline: Currently restructuring their grant program, stay tuned

Amount: \$2,500

Eligibility: Governmental unit or nonprofit

<https://www.fmglobal.com/about-us/our-business/corporate-responsibility/fm-global-fire-prevention-grant-program>

Through its Fire Prevention Grant Program, FM Global supports organizations in the United States working to combat fire. Fire departments and brigades, as well as national, state, regional, local, and community organizations can apply for funding to support a wide array of fire prevention, preparedness, and control efforts, including pre-incident planning, fire prevention education and training, and arson prevention or fire investigation.
