California voters passed the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access for All Act of 2018 (Proposition 68) on June 5, 2018. Proposition 68 authorized the Legislature to appropriate \$40 million to the California Natural Resources Agency (the "State") for competitive grants that protect, restore, and enhance California's cultural, community and natural resources.

It is the intent of the people of California that projects funded by Proposition 68 result in public benefits addressing the most critical statewide needs and priorities for public funding as well as improve a community's ability to adapt to the unavoidable impacts of climate change; improve and protect coastal and rural economies, agricultural viability, wildlife corridors or habitat; develop future recreational opportunities; or enhance drought tolerance, landscape resilience, and water retention.

California Department of Parks and Recreation: Statewide Park Development and Community Revitalization Program (SPP)

Deadline: Deadline will be Summer 2019 (Specific date TBD)

Amount: \$200,000 to \$8.5 million

Match: None

Eligibility: Cities, counties, districts, JPA's and Nonprofits

http://www.parks.ca.gov/?page_id=29939

A PROJECT must involve either DEVELOPMENT or a combination of ACQUISITION and DEVELOPMENT to:

1. Create a NEW PARK, or
2. EXPAND an EXISTING PARK, or

3. RENOVATE an EXISTING PARK

Office of Environmental Farming & Innovation: Healthy Soils Program (Proposition 68)

Deadline: March 8, 2019

Amount: \$75,000 maximum

Eligibility: California farmers, ranchers and recognized Native American Indian tribes

<https://www.cdfa.ca.gov/oefi/healthysoils/IncentivesProgram.html>

The Healthy Soils Program stems from the California Healthy Soils Initiative, a collaboration of state agencies and departments to promote the development of healthy soils on California's farmlands and ranchlands.

The HSP has two components: the [HSP Incentives Program](#) and the [HSP Demonstration Projects](#). The HSP Incentives Program provides financial assistance for implementation of conservation management that improve soil health, sequester carbon and reduce greenhouse gas (GHG) emissions. The HSP Demonstration Projects showcase California farmers and rancher's implementation of HSP practices. On farm management practices that include but are not limited to: cover cropping, no-till, reduced-till, mulching, compost application, and conservation plantings is eligible for funding.

Office of Environmental Farming & Innovation: State Water Efficiency and Enhancement (Proposition 68)

Deadline: March 8, 2019

Amount: \$100,000

Eligibility: California farmers, ranchers and recognized Native American Indian tribes

<https://www.cdfa.ca.gov/oefi/sweep/>

The State Water Efficiency and Enhancement Program (SWEEP) provides financial assistance in the form of grants to implement irrigation systems that reduce greenhouse gases and save water on California agricultural operations. Eligible system components include (among others) soil moisture monitoring, drip systems, switching to low pressure irrigation systems, pump retrofits, variable frequency drives and installation of renewable energy to reduce on-farm water use and energy.

UPCOMING SOLICITATIONS

Wildlife Conservation Board: Lower American River Conservancy Program (Proposition 68)

Deadline: WCB will solicit grant proposals with the release of a solicitation, which will provide the solicitation schedule, and scoring criteria specific to the solicitation. It is expected that solicitations will be made once a year, at a minimum.

Amount: TBD

Eligibility: Local agencies and nonprofit organizations with projects improving and enhancing lands within and adjacent to the American River Parkway.

<https://wcb.ca.gov/Programs/Lower-American-River>

The Program was created to provide a state partner to work cooperatively with local agencies, particularly the County of Sacramento in its role as the Parkway Manager, and nonprofit organizations to help fund projects and provide grants to restore, enhance, interpret, protect, and improve public access to the American River Parkway's natural, recreational, educational, and cultural resources. The Legislature's intent was for the Program to be a continuation of the state's historic role in providing funding to advance the protection and restoration of the natural resources of the Lower American River while continuing the County of Sacramento's historic role in managing the lands and public uses of the American River Parkway.

California Natural Resources Agency: Santa Monica Mountains Conservancy (Proposition 68)

Deadline: TBD

Amount: TBD

Eligibility: Districts, JPA's, cities, counties, nonprofit organizations, public utilities, federally recognized Indian tribes within the Santa Monica Mountains Conservancy Zone.

The Conservancy's strategic objectives continue to be guided by the goal of an interlinking network of parks, trails and open space for public use and wildlife habitat ensuring future open space and recreational lands in Los Angeles and Ventura County.

Sierra Nevada Conservancy: Sierra Nevada Watershed Improvement Program (Proposition 68)

Deadline: Deadlines for future grant cycles are not yet determined.

Amount: \$25 million for entire program

Eligibility: Public agencies, 501c3 nonprofit organizations, federally recognized Indian tribal governments located within a conifer or mixed-conifer forested area of the Sierra Nevada Region

<https://sierranevada.ca.gov/grants-and-funding-sources/applying-for-a-grant/>

The Water Quality, Supply, and Infrastructure Improvement Act of 2014 and the California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access for All Act of 2018 allocate funding to the Conservancy for a competitive grant program supporting forest health projects that result in multiple watershed benefits.

California Department of Parks and Recreation: Regional Parks Program (Proposition 68)

Deadline: TBD. Draft Guidelines will be posted for public review in 2019

Amount: \$23,125,000 for entire program

Eligibility: Counties, regional park districts, JPA's and nonprofit organizations

http://www.parks.ca.gov/?page_id=29940

Eligible Projects:

1. Acquisition for new or enhanced public access and use
2. Development to create or renovate:
 - o Trails, with preference given to multiuse trails over single-use trails
 - o Regional sports complexes
 - o Visitor and interpretive facilities
 - o Other types of recreation and support facilities in regional parks

California Department of Parks and Recreation: Rural Recreation and Tourism Program (Proposition 68)

Deadline: TBD. The Draft Application Guide will be posted here for public review in 2019.

Amount: \$23,125 for entire program

Match: Projects located in an area with a median household income below \$51,026 will have no match requirement. If above \$51,026, the grant may fund up to 80% of the total project with at least 20% of the total project matched.

Eligibility: Cities, Counties, and eligible Districts in nonurbanized areas

http://www.parks.ca.gov/?page_id=28439

Competitive grants will create new recreation opportunities in support of economic and health-related goals in rural communities. Projects must be located in nonurbanized counties with populations of less than 500,000 people and low population densities per square mile, as determined by the Department.

Eligible Projects and Priorities:

Acquisition and development, or development of land to:

1. Create new recreational opportunities in rural communities that have a lack of outdoor recreation infrastructure. Projects that support both economic and health-related goals for residential recreation and will attract out-of-town tourists will be given priority.
2. New opportunities are the creation of facilities that currently do not exist, and may include but are not limited to:
 - o Accessible trails and bikeways for wildlife viewing or other significant draws
 - o Sports complexes that host travel ball tournaments and leagues
 - o Visitor centers that interpret a significant historic or natural resource
 - o Amphitheaters that support performing arts and other cultural recreation attractions
 - o Campgrounds
 - o Access to waterways
 - o Aquatic centers

CalFire and State of California Parks and Water Bond 2018 (Proposition 68): Urban and Community Forestry Program

Deadline: 2018 round has passed. Another grant round may be released later this year.

Amount: \$150,000 to \$1.5 million (Depending on project type – see page 21 of guidelines)

Match: All of the grant types require a cost share (matching) rate of 75/25. The proportion of the project's cost funded by CAL FIRE Urban & Community Forestry shall not be greater than 75%. Matching requirements (25%) for State funds may be met with in-kind activities or materials related to the project, as well as with any State funding source related to the project that is not the same as the State source of funding awarded by CAL FIRE.

Eligibility: State and local agencies and nonprofit organizations. Projects that are either in or serving disadvantaged communities (DAC) and severely disadvantaged communities (SDAC) will receive scoring preference in this grant program.

http://calfire.ca.gov/resource_mgt/resource_mgt_urbanforestry_grants

Proposition 68 investment benefits can include:

1. Projects to mitigate the impact of climate change (AB 32, 2006), by expanding urban forests across the state with emphasis to previously underserved local entities to achieve geographic balance.
2. Improving urban forest resources under in parks, trails, recreation areas, and urban settings to increase the value of outdoor experiences and opportunities for physical activity opportunities that will improve public health.
3. Programs that improve long-term management of urban forests and improve urban forest performance and resiliency over time.
4. Education and outreach programs to diversity serving and youth-serving organizations, programs, and partnerships that will serve urban areas. A program will focus on the benefits of the urban forest and will encourage maximum citizen participation in development and implementation.
5. Economic opportunities to facilitate the creation of permanent jobs in tree maintenance and related urban forestry activities in neighborhood, local, and regional urban areas with particular emphasis to underserved and disadvantaged communities.
6. Environmental benefits to include improvements to water infrastructure, flood and storm water capture and infiltration, clean air, reduced energy use, urban revitalization, and producing useful products such as bio-fuel, clean energy, and high-quality wood products.
7. Projects may provide a combination of these co-benefits or other co-benefits not mentioned, or even benefits that are not yet clearly defined.
