Match: None
URL: https://opr.ca.gov/climate/icarp/grants/extreme-heat-community-resilience.html
Purpose: The Extreme Heat and Community Resilience Program (the Program) is housed within the Integrated Climate Adaptation and Resiliency Program (ICARP) at the Governor's Office of Land Use and Climate Innovation (LCI). The Program supports heat action planning and project implementation to protect California's communities most vulnerable to the impacts of extreme heat. The following policy pieces shaped the Program: SB 155, the Public Resources Trailer Bill (2021), made available resources in the 2022–23 fiscal year to LCI through the ICARP. The bill established a grant program for projects that mitigate the impacts of extreme heat or the urban heat island effect through planning and implementation. Additional rounds of the grant program have been made available through additional funding sources. The funds for Round 2 come from Proposition 4 Bond funds and the Greenhouse Gas Reduction Fund (GGRF).

Link: https://www.eda.gov/strategic-initiatives/disaster-recovery/supplemental/2025
The EDA FY 2025 Disaster Supplemental NOFO is available on grants.gov and eda.gov. EDA funding can support both construction and non-construction projects.
EDA's Disaster NOFO provides funding through three funding pathways:

- **Readiness Path** – Capacity building and strategic planning projects that set the stage for future investment.
- **Implementation Path** – Standalone construction and non-construction projects that help communities recover from natural disasters and advance recovery and growth.
- **Industry Transformation Path** – Coalition-led, multi-project portfolios that transform regional economies through targeted industry development.

Economic Development Administration (EDA): PWEAA

Due: Rolling basis, no deadline.
Amount: $100,000 to $3,000,000
Match: 0%-20%
Eligibility:
City or township governments
Native American tribal governments (Federally recognized)
Public and State controlled institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education
State governments

County governments
Special district governments
Link: https://www.eda.gov/funding/funding-opportunities
Purpose: EDA has authority to provide grants to meet the full range of communities' and regions' economic development needs from planning and technical assistance to construction of infrastructure. These grants are made through a series of Notices of Funding Opportunity (NOFOs) that can be found on EDA's website at https://www.eda.gov/funding/funding-opportunities and are designed to support the economic development activities most useful to a community based on its needs and circumstances. EDA funds community or regionally generated ideas and assists communities to advance to the next level of economic development.
This NOFO, which supersedes the FY20 PWEAA NOFO, sets out EDA's application submission and review procedures for two of EDA's core economic development programs authorized under the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. § 3121 et seq.) (PWEDA): (1) Public Works and Economic Development Facilities (Public Works) and (2) Economic Adjustment Assistance (EAA).
EDA supports bottom-up strategies that build on regional assets to spur economic growth and resiliency. EDA encourages its grantees throughout the country to develop initiatives that present new ideas and creative approaches to advance economic prosperity in distressed communities.
Through this NOFO EDA intends to advance general economic development in accordance with EDA's investment priorities, but also to pursue projects that, where practicable, incorporate specific priorities related to equity, workforce development, and climate change resiliency so that investments can benefit everyone for decades to come.
