Current Grant Opportunities

CalOES: Hazard Mitigation Grant Program (HMGP)

Deadline: Rolling NOI

Amount: Can fund both planning and implementation. Planning: $150,000 for single jurisdiction plan, $250,000 for multi-jurisdiction plan. Implementation: no maximum for grant award requests

Match: Generally, HMA funds may be used to pay up to 75% of the eligible activity costs. The remaining 25% of eligible activity costs are derived from non-Federal sources

Eligibility: States, local communities and tribal governments

https://www.caloes.ca.gov/office-of-the-director/operations/recovery-directorate/hazard-mitigation/hm-grant-opportunities/hma-hmgp/

Funding Priorities:

- Local Hazard Mitigation Plans (LHMP) updates that will expire within 24 months.
- All other LHMP updates.
- Shovel ready projects with a high level of design that can begin construction within 90 days of FEMA approval, in declared counties.
- Shovel ready projects with a high level of design that can begin constructions within 90 days of FEMA approval, in all other counties.
- Whole community risk reduction/large critical infrastructure wildfire projects.
- Whole community risk reduction/large critical infrastructure projects for other hazard types.
- Wildfire projects in any county.
- All hazard type projects in any county.
- Planning related activities.
- Five percent (5%) Initiative projects.

California Coastal Conservancy

Deadline: Rolling

Amount: There are no maximum or minimum grant amounts for this funding; however, it is anticipated that most grants will be between $200,000 and $5,000,000.

Match: No

https://scc.ca.gov/grants/

The Coastal Conservancy funds a wide variety of projects along the California coast, San Francisco Bay, and in coastal watersheds to increase availability of beaches, parks and trails for the public, protect and restore natural lands and wildlife habitat, preserve working lands, and increase community resilience to the impacts of climate change including wildfire resilience.

The Conservancy will fund most stages of a project including: pre-project feasibility studies, property acquisition, project planning including community involvement, design, environmental review, permitting, construction, and project-related monitoring. We do not fund operation and maintenance activities.

CalHVIP: Small Fleet Incentive Funding

Deadline: Opens October 21st, first come first serve

Amount: $30.77M available, voucher amounts vary.

Match: No
Link: https://californiahvip.org/funding/
Small Business Voucher Amounts: Public and non-profit fleets with a global fleet of 20 or fewer trucks, and private fleets with 20 or fewer trucks and $15 million or less of annual revenue are eligible for the small fleet voucher amount. Fleets may use the small fleet voucher for a lifetime maximum of 5 vehicles. Fleet sizes include vehicles registered as non-operational. Any voucher in excess of 5 will be eligible for the base voucher amount. See the IM for more details.

CalHVIP: Clean Bus and Truck Vouchers
Deadline: Rolling
The Clean Truck and Bus Voucher Incentive Project (HVIP) is now accepting voucher request applications.
On December 9, 2025, the California Air Resources Board (CARB) released an Addendum to the Fiscal Year 2024–25 Implementation Manual (IM). The addendum includes important program changes that may impact voucher eligibility and requirements.
Key Updates:

- Eligible fleets can use HVIP vouchers to purchase Class 2b pickups.
- Clean Fuel Rewards can now stack with HVIP for Class 8 truck purchases.
- Clarified language for better understanding.

Review the full Addendum before submitting your voucher request. Visit californiahvip.org/funding for details on available funding.

California Strategic Growth Council: Transformative Climate Communities Grants
Deadline: Pre-Proposals and Other Climate Innovation proposals for TCC Implementation Grant applications are available now.
TCC Implementation Pre-Proposal: Due June 30, 2026
Other Climate Innovation proposal: Due June 15, 2026
Applications: Due September 30th
Amount: Up to $300,000 for planning, $5,000,000 for project development and $35,000,000 for implementation
Match: No
https://sgc.ca.gov/grant-programs/tcc/
TCC's unique, place-based strategy for reducing greenhouse gas emissions is designed to catalyze collective impact through a combination of community-driven climate projects in a single neighborhood. Projects must reduce greenhouse gas emissions significantly over time, leverage additional funding sources, and provide health, environmental and economic benefits to the community.
Project examples include, but are not limited to:
» Affordable and sustainable housing developments
» Transit stations and facilities
» Electric bicycle and car share programs
» Solar installation and energy efficiency
» Water-energy efficiency installations
» Urban greening and green infrastructure
» Bicycle and pedestrian facilities
» Recycling and waste management
» Health equity and well-being projects (including parks)
» Brownfields redevelopment

» Community microgrids
» Indoor air pollution reduction
» Community Resilience Centers (CRCs)

USDOT FHA: Bridge Investment Program

Deadline: Planning: June 15th, **Bridge;** June 29th, **Large Bridge:** August 1, 2026
Amount: $2.5-100M
Eligibility: State governments, City or township governments, County governments, Special district governments, Others (see text field entitled "Additional Information on Eligibility" for clarification), Native American tribal governments (Federally recognized)
Match: Yes, varies depending on project size and other funding sources
https://www.fhwa.dot.gov/bridge/bip/
The Bridge Investment Program is a competitive, discretionary program that focuses on existing bridges to reduce the overall number of bridges in poor condition, or in fair condition at risk of falling into poor condition. It also expands applicant eligibilities to create opportunity for all levels of government to be direct recipients of program funds. Alongside states and federal lands management agencies, metropolitan planning organizations and local and tribal governments can also apply directly to FHWA, making it easier to advance projects at the local level that meet community needs.

NPS: Save America's Treasures (SAT) Preservation Grant

Deadline: June 16th, 2026 via grants.gov
Amount: $125,000-$750,000
Match: 1:1
Eligibility: Individually designated as a National Historic Landmark OR

1. Listed in the National Register of Historic Places for NATIONAL significance (not state or local) OR
2. Contributing resource to a historic district listed for national significance
    - Designation must be in place at time of application
    - Cannot be NPS-owned or NPS-leased property
    - Cannot have received prior SAT funding (permanent bar per 54 U.S.C. § 3089)

Link: https://www.grants.gov/search-results-detail/362420
The Save America's Treasures (SAT) Preservation Grant provides competitive funding for the physical preservation and conservation of nationally significant historic properties—those listed individually as National Historic Landmarks or in the National Register for national-level significance. Grants ranging from $125,000 to $750,000 support eligible rehabilitation work, accessibility improvements, fire/security upgrades, and related preservation activities, all of which must meet the Secretary of Interior's Standards and be completed within 2–3 years. The program requires a dollar-for-dollar non-Federal cost share and is administered by the National Park Service in partnership with the National Endowment for the Arts, National Endowment for the Humanities, and Institute of Museum and Library Services, with $25.5 million available for approximately 55 awards in FY2025.

CADOJ: Tobacco Grant Program

Deadline: June 19th, 2026
Amount: Reimbursement grant–up to $400,000
Match: No
Link: https://oag.ca.gov/tobaccogrants
Grantees may use grant funds to enforce a local ordinance or state law related to the illegal sale and marketing of tobacco products, including e-cigarettes, to minors and

youth. These enforcement efforts may include, but are not limited to:

- Retailer compliance checks
- Enforcement of flavor ban laws/ordinances
- Consumer protection enforcement
- Illegal online sales and marketing, including use of door-to-door delivery services
- Retailer training programs
- Public education outreach
- Tobacco retail license inspections

CTC: Active Transportation Program

Deadline: June 22, 2026
Amount: Unspecified
Match: No, but might be a match if applying to funds from MPO
Eligibility: Local, Regional or State Agencies - Caltrans - Transit Agencies - Natural Resources or Public Land Agencies - State or local park or forest agencies - State or local fish and game or wildlife agencies - Department of the Interior Land Management Agencies - U.S. Forest Service - Public Schools or School Districts - Tribal Governments - Private Nonprofit Organizations (Recreational Trails Program only) - Any other entity with responsibility for oversight of transportation or recreational trails
Link:
https://dot.ca.gov/programs/local-assistance/fed-and-state-programs/active-transportation-program/cycle8
Purpose: The purpose of ATP is to encourage increased use of active modes of transportation by achieving the following goals: Increase the proportion of trips accomplished by biking and walking; Increase safety and mobility for non-motorized users; Advance the active transportation efforts of regional agencies to achieve Greenhouse Gas (GHG) reduction goals, pursuant to SB 375 (of 2008) and SB 341 (of 2009); Enhance public health; Ensure that disadvantaged communities fully share in the benefits of the program; Provide a broad spectrum of projects to benefit many types of active transportation users.

FEMA: AFG-Assistance to Firefighters grant

Deadline: June 22nd, 2026
Amount: Varies
Eligibility: Fire departments operating in any of the 50 states
Match: Yes, but exceptions if you meet a certain req.
https://www.fema.gov/grants/preparedness/firefighters/assistance-grants/documents
Fire safety grants fund critically needed resources to equip and train emergency personnel, enhance efficiencies and support community resilience.

FEMA: Staffing for Adequate Fire and Emergency Response (SAFER)

Deadline: June 22nd, 2026
Amount: No minimum or maximum amounts. $360 million for the entire program.
Match: 25%
Eligibility: Fire departments
Program URL: https://www.fema.gov/grantFs/preparedness/firefighters/safer
Summary: The SAFER Program provides funding directly to fire departments and volunteer firefighter interest organizations to assist in increasing the number of firefighters to help communities meet industry minimum standards and attain 24-hour staffing to provide adequate fire protection from fire and fire-related hazards, and to fulfill traditional missions of fire departments. The objectives of the SAFER Program are to assist local fire departments with staffing and deployment capabilities to respond to emergencies and ensure that communities have adequate protection from fire and fire-related hazards. Local fire departments accomplish this by improving staffing and deployment capabilities, so they may

more effectively and safely respond to emergencies. With enhanced staffing levels, recipients should experience a reduction in response times and an increase in the number of trained personnel assembled at the incident scene.

Eligibility Criteria

Hiring Activity

The Hiring Activity offers grants to support applications to hire new, additional firefighters (or to change the status of part-time or paid-on-call firefighters to full-time firefighters), rehire laid off firefighters, or to retain firefighters facing layoff. National, regional, state, local, tribal, and nonprofit interest organizations representing the interests of volunteer firefighters are not eligible to receive a SAFER Program award under the Hiring Activity

R&R Activity

The R&R Activity offers grants to support applications to assist fire departments with the recruitment and retention of volunteer firefighters who are involved with or trained in the operations of firefighting and emergency response. Career fire departments are not eligible to apply for funding under the R&R Activity.

FEMA: Fire Prevention & Safety (FP&S)

Estimated Deadline: June 22nd, 2026
Amount: Up to $1.5 million
Match: Yes - 5%
Eligibility: Fire departments, nonprofits, research foundations, public safety institutes, public health, occupational health, and injury prevention institutions
Program URL: https://www.fema.gov/grants/preparedness/firefighters/safety-awards
Summary: The FP&S Program provides financial assistance for fire prevention programs and firefighter health and safety research and development such as clinical studies that address behavioral, social science, and cultural research.

FP&S Activities

The FP&S Activity is designed to reach high-risk target groups and mitigate the incidence of death and injuries caused by fire and fire-related hazards. The five project categories eligible for funding under this activity are:

1. Community Risk Reduction;
2. Wildfire Risk Reduction;
3. Code Enforcement/Awareness;
4. Fire & Arson Investigation; and
5. National/State/Regional Programs and Projects.

R&D Activities

The R&D Activity is aimed at improving firefighter safety, health, or well-being through research and development that reduces firefighter fatalities and injuries. The five project categories eligible for funding under this activity are:

1. Clinical Studies;
2.Technology and Product Development;
3. Database System Development;
4. Preliminary Studies; and,
5. Early Career Investigator.

BCSH: Encampment Resolution Fund

Deadline: June 30th, 2026
Amount: Average grant size per jurisdiction is $2.5 million
Match: Yes
Link: https://bcsh.ca.gov/calich/erf_program.html

Specifically, funded activities should center around either 1) Providing interim shelter with clear pathways to permanent housing; or 2) Placing homeless individuals directly into permanent housing. Eligible costs include, but aren't limited to:
· Rapid rehousing, including housing identification services, case management, rental subsidies, security deposits, incentives to landlords, and housing search assistance.
· Operating subsidies, including operating reserves, in new and/or existing affordable or supportive housing units, emergency shelters or navigation centers.
· Street outreach to access crisis services, thereby expanding accessibility to interim or permanent housing (more of a community engagement focus here).
· Services coordination, including access to workforce, education, and training programs.
· Systems support that complement or build upon regional partnerships (e.g., Harbor Interfaith Services, Beacon Light Mission, Doors of Hope, Family Crisis Center).
· Improvements to existing emergency shelters
· Admin costs (up to 5% of grant funds)

CPUC: Cal Advanced Services Broadband Adoption Account
Deadline: July 1, 2026
Amount: The CASF Adoption Account is authorized $20.024 million for fiscal year 2023-2024 to provide grants to increase publicly available or after-school broadband access and digital inclusion.
Match: Yes, 15%
Link:
https://www.cpuc.ca.gov/industries-and-topics/internet-and-phone/california-advanced-services-fund/casf-adoption-account
Purpose: Pursuant to Public Utilities (Pub. Util.) Code section 281, moneys in the CASF Adoption Account are available to the Commission to award grants to increase publicly available or after-school broadband access and digital inclusion, such as grants for digital literacy training programs and public education to communities with limited broadband adoption. The Commission is required to give preference to programs and projects in communities with demonstrated low broadband access, including low-income communities, senior citizen communities, and communities facing socioeconomic barriers to broadband adoption.

CalFire: Wildfire Prevention Grants
Deadline: July 8th, 2026
Amount: The recommended funding amount is $3 million or less. Project equipment not to exceed a cumulative total of $750,000.
Match: Not required, but encouraged
Link: https://www.fire.ca.gov/what-we-do/grants/wildfire-prevention-grants
The CAL FIRE Wildfire Prevention (WP) Grants Program provides competitive funding to reduce the risk of wildfires and increase the resiliency of California's communities. Up to $135 million in FY25–26 funding is available from both California Climate Investments (CCI) and Proposition 4 bond funds. Projects must focus on **Hazardous Fuels Reduction, Wildfire Prevention Planning, or Wildfire Prevention Education.**
Priority is given to projects benefiting disadvantaged or severely disadvantaged communities, reducing GHG emissions, maintaining existing fuels reduction projects, or increasing home/community hardening. All applicants must demonstrate project readiness and the capacity to complete the work on time and within budget. CEQA/NEPA compliance must be met within 12 months of grant execution.
Eligible Activities:

- Hazardous fuels reduction (e.g., vegetation clearing, fuel breaks, tree thinning, prescribed grazing)

- Wildfire prevention planning (e.g., CWPPs, evacuation plans)
- Wildfire prevention education and outreach

USBR WaterSMART Applied Science Grants Program
Deadline: July 8, 2026
Amount: Up to $200,000 per project
Match: 50% non-federal cost share required
Eligibility: States, Indian tribes, irrigation districts, water districts, universities, nonprofits, and other organizations with water or power delivery authority in the Western United States
Link: USBR WaterSMART Applied Science Grants Program
Summary: The U.S. Bureau of Reclamation (USBR) WaterSMART Applied Science Grants Program provides funding to develop tools and information that improve water management. The program supports projects that enhance water supply reliability, water quality, and overall water resource management through the application of scientific research and data-driven decision-making tools.
Key Program Goals:

- **Improving Water Supply Reliability**: Develop and apply scientific tools and models to enhance water management and improve the efficiency of water delivery systems.
- **Enhancing Water Quality**: Support projects that assess and improve water quality, benefiting ecosystems and water users.
- **Supporting Climate Change Adaptation**: Fund projects that help communities adapt to climate change by improving their ability to manage and predict water availability.
- **Data-Driven Decision Making**: Provide tools and information to assist water managers in making more informed decisions.

- **Eligible Projects**:
  - **Water Modeling and Forecasting**: Projects that use models or forecasting tools to predict water supply and improve management.
  - **Water Quality Assessment**: Projects focused on monitoring and improving water quality through scientific tools.
  - **Climate Change Adaptation Tools**: Developing models or decision-support tools to address climate variability and long-term water sustainability.
  - **Data Sharing and Collaboration**: Projects that create platforms for sharing water management data among agencies, researchers, and stakeholders.

Firehouse Subs LIFE-SAVING EQUIPMENT Grant
Deadline: Thursday, July 9, 2026
Amount: $15,000 to $40,000
Match: No
Link: https://grants.firehousesubs.com/
The primary focus of the Life-Saving Equipment Grant revolves around providing first responders with the appropriate, quality much-needed equipment and technology to improve their life-saving capabilities. This includes, but is not limited to: Vehicle extrication tools, automated external defibrillators (AEDs), bunker gear, thermal imaging cameras, automated chest compression systems, vehicle stabilization struts, bulletproof vests, all-terrain vehicles, fire hoses.

Grants for Art Projects Program
Deadline: July 9th 2026
Amount: $10,000-$100,000
Match: 1:1

Eligibility: Nonprofit, tax-exempt 501(c)(3), U.S. organizations; Units of state or local government; or Federally recognized tribal communities or tribes.
URL: https://www.arts.gov/grants/grants-for-arts-projects
Purpose: The NEA is committed to supporting arts projects for the benefit of all Americans. Grants for Arts Projects (GAP) provides funding for public engagement with the arts and arts education, for the integration of the arts with strategies promoting the health and well-being of people and communities, and for the improvement of overall capacity and capabilities within the arts sector. We welcome applications from first-time and returning applicants; from organizations serving rural, urban, suburban, and tribal communities of all sizes; and from organizations with small, medium, or large operating budgets.
We fund arts projects in the following disciplines: Artist Communities, Arts Education, Dance, Design, Film & Media Arts, Folk & Traditional Arts, Literary Arts, Local Arts Agencies, Museums, Music, Musical Theater, Opera, Presenting & Multidisciplinary Works, Theater, and Visual Arts.

USBR: Drought Resiliency Projects
Deadline: July 28, 2026
Amount: Up to $5 million per project
Match: 50% non-federal cost share required
Eligibility: States, Indian tribes, irrigation districts, water districts, and other organizations with water or power delivery authority in the Western United States or Alaska
Link: USBR Drought Resiliency Projects
Summary: The U.S. Bureau of Reclamation (USBR) Drought Resiliency Projects grant program offers funding to help communities in the Western United States and Alaska build resilience to drought. The program focuses on long-term infrastructure improvements to enhance water supply reliability, increase drought preparedness, and reduce the need for emergency drought response actions.
Key Program Goals:

- **Enhance Water Supply Reliability**: Improve water storage, conveyance, and distribution systems to boost water supply reliability during droughts.
- **Boost Drought Preparedness**: Help communities prepare for future droughts by reducing their vulnerability to water shortages.
- **Promote Infrastructure Resilience**: Fund projects that strengthen infrastructure, ensuring it can withstand and recover from drought impacts.

Eligible Projects:

- **Water Management**: Upgrading water storage, conveyance, and distribution systems.
- **Water Conservation**: Implementing irrigation efficiency measures and reducing water losses.
- **Water Supply Augmentation**: Developing new water sources like groundwater storage and water reuse systems.
- **Infrastructure Resilience**: Enhancing infrastructure to ensure long-term water supply sustainability.

Requirements:

1) *Projects must be tied to an existing Drought Contingency Plan.* Reclamation funds these as the "mitigation actions" identified through prior drought planning. Applicants without a DCP generally aren't competitive.
2) *Projects must be in the final design stage.* This is a construction grant, not a planning or feasibility grant — shovels-near-ground only.

USBR: Desalination Construction Projects
Deadline: August 26, 2026
Amount: Varies based on project scope
Match: Typically requires a 75% non-federal cost share
Eligibility: States, Indian tribes, water districts, and other organizations with water or power delivery

authority
Link: https://www.grants.gov/search-results-detail/362396
Summary: This funding opportunity supports desalination projects to create new water supplies in areas facing water scarcity, enhancing the sustainability of water resources in the Western United States.

USBR: Title XVI Reclamation and Reuse Projects
Deadline: August 26th, 2026 and 2027
Amount: Varies based on project scope
Match: Typically requires a 75% non-federal cost share
Eligibility: States, Indian tribes, water districts, and other organizations with water or power delivery authority
Link: USBR Title XVI WIIN Act Projects
Summary: he WaterSMART Title XVI Water Reclamation and Reuse Projects NOFO invites eligible applicants to submit proposals for the planning, design, and/or construction of water reclamation and reuse projects. Title XVI projects develop and supplement urban and irrigation water supplies through water reuse, which provides growing communities with new sources of clean water, increases water management flexibility during times of shortage, and makes the water supply more reliable.

USBR: WaterSMART Enhancing Water Resources Projects
Deadline: September 9th, 2026
Amount: Min $50,000, Max $3,000,000
Match: 25%
Eligibility: States, Indian tribes, irrigation districts, water districts, and other organizations with water or power delivery authority in the Western United States
Link: https://www.grants.gov/search-results-detail/362394
Summary: The objective of the WaterSMART Enhancing Water Resources Projects funding opportunity is to invite eligible entities to apply for funding to implement projects per the authorizing language referenced above that benefit water resource management for multiple uses, including water conservation and efficiency projects, water infrastructure improvements, and river and watershed restoration. Projects that balance numerous community interests (agriculture, recreation, fisheries, power, etc.), were developed collaboratively, and provide significant watershed benefits will be prioritized under this funding opportunity.

California Strategic Growth Council: Community Resilience Centers Program
Deadline: Planning Grants: Final applications are due Sept. 4, 2026, at 11:59 p.m. Pacific Time. o Implementation Grants: Final applications due Sept. 25, 2026, at 11:59 p.m. Pacific Time. Finalist interviews will take place early 2027.
Amount: Planning grants: $100,000 to $500,000; Implementation grants: $1M - $10M
Match: No
Eligibility: Cities, counties, special districts, JPAs, COGs, nonprofits, tribes, CBOs, community development finance institutions or community development corporations, emergency management, response, preparedness and recovery service providers and organizations. All communities are eligible to apply. SGC Staff will prioritize projects located in under-resourced communities.
******One partner required for planning, two partners required for implementation***
Program URL: https://sgc.ca.gov/grant-programs/crc/
Summary: The program objectives inspire and guide the CRC Program's overall design and implementation. As such, all applicants should be mindful of the program objectives when designing their applications and implementing their projects. The CRC Program objectives are to:

- Fund the planning, construction, and retrofit of community resilience centers across California's diverse communities.

- Advance local communities' capacity to respond to and recover from emergencies as they build long-term resilience.
- Encourage meaningful engagement, cross-sectoral collaboration, community-based partnerships, and shared governance and decision-making models.
- Mitigate the public health impacts of extreme heat and other emergencies exacerbated by climate change.
- Prioritize projects located in and benefiting under-resourced, rural, unincorporated, and Tribal communities across geographically diverse regions in the state of California.

EDA: FY25 Disaster Supplemental Grant

Deadline: Industry Transformation Grants due March 3rd, 2026, all other applications are accepted on a rolling basis.

Amount:

- Readiness Path: $250,000 to $500,000
- Implementation Path: $2 million to $20 million for construction projects and $100,000 to $5 million for non-construction projects
- Industry Transformation Path: $20 million to $50 million

Match: EDA generally expects to fund up to 80% of project costs. EDA may fund up to 100% for Tribal applicants and severely distressed applicants.

Eligibility: Projects must be located in, primarily serve, or demonstrably benefit one or more communities in areas that received a major disaster designation occurring in calendar years 2023 and 2024. Check eligibility here: https://www.fema.gov/disaster/declarations

Link: https://www.eda.gov/strategic-initiatives/disaster-recovery/supplemental/2025

The EDA FY 2025 Disaster Supplemental NOFO is available on grants.gov and eda.gov. EDA funding can support both construction and non-construction projects.

EDA's Disaster NOFO provides funding through three funding pathways:

- **Readiness Path** – Capacity building and strategic planning projects that set the stage for future investment.
- **Implementation Path** – Standalone construction and non-construction projects that help communities recover from natural disasters and advance recovery and growth.
- **Industry Transformation Path** – Coalition-led, multi-project portfolios that transform regional economies through targeted industry development.

Economic Development Administration (EDA): PWEAA

Due: Rolling basis, no deadline.

Amount: $100,000 to $3,000,000

Match: 0%-20%

Eligibility:

City or township governments
Native American tribal governments (Federally recognized)
Public and State controlled institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Private institutions of higher education
State governments
County governments
Special district governments

Link: https://www.eda.gov/funding/funding-opportunities

Purpose: EDA has authority to provide grants to meet the full range of communities' and regions' economic development needs from planning and technical assistance to construction of infrastructure. These grants are made through a series of Notices of Funding Opportunity (NOFOs) that can be found

on EDA's website at https://www.eda.gov/funding/funding-opportunities and are designed to support the economic development activities most useful to a community based on its needs and circumstances. EDA funds community or regionally generated ideas and assists communities to advance to the next level of economic development.
This NOFO, which supersedes the FY20 PWEAA NOFO, sets out EDA's application submission and review procedures for two of EDA's core economic development programs authorized under the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. § 3121 et seq.) (PWEDA): (1) Public Works and Economic Development Facilities (Public Works) and (2) Economic Adjustment Assistance (EAA).
EDA supports bottom-up strategies that build on regional assets to spur economic growth and resiliency. EDA encourages its grantees throughout the country to develop initiatives that present new ideas and creative approaches to advance economic prosperity in distressed communities.
Through this NOFO EDA intends to advance general economic development in accordance with EDA's investment priorities, but also to pursue projects that, where practicable, incorporate specific priorities related to equity, workforce development, and climate change resiliency so that investments can benefit everyone for decades to come.
***CEDS (Comprehensive Economic Development Strategy) needed for EDA grants

SRF Programs
Deadline: Ongoing
Amount: Varies Depending on Project
Match: Low Cost Loan with PF option
Link: https://www.waterboards.ca.gov/water_issues/programs/
Purpose: Funding for Drinkingwater, Wastewater, and Stormwater projects.
