

## **Senior Project Manager David Marquez Secures a Remarkable \$117,051,120 for California Consulting Clients**

California Consulting is proud to announce that David Marquez, Senior Project Manager, has successfully secured \$117,051,120 in funding for our clients. David's dedication and expertise in navigating complex funding landscapes have resulted in numerous awards that significantly impact our communities.

David has secured several key awards, including \$14,366,200 from the Clean Water State Revolving Fund to finance the construction of a sewer for the City of Hollister, ensuring compliance with EPA standards. This project, which involves the construction of a Sewer Force Main from San Juan Bautista to the Hollister WWTP, is contingent on the project's feasibility and the city's ability to repay through increased water rates. Additionally, he obtained \$12,500,000 from the Prop 1 Stormwater Grant Program for the City of Baldwin Park's Barnes Park Multi-Benefit Stormwater Capture Project. Furthermore, David secured \$14,700,000 from the Measure W-Safe Clean Water Program Regional to support The City of Baldwin Park Upper San Gabriel River Watershed project, significantly improving regional water quality and sustainability.

**Dan Rodriguez, Director of Operations at California Consulting, commented:**

*"David Marquez's achievements are a testament to his unwavering commitment and exceptional skill in securing vital funding for essential projects. His work not only supports the development and sustainability of our communities but also sets a high standard for excellence in project management."*

David's remarkable success in obtaining these significant funds underscores his pivotal role at California Consulting. His ability to secure such substantial awards highlights the effectiveness of our team in supporting community development and infrastructure projects across the state.
