Summary: The Arts in California Parks Grants Program revitalizes local parks with diverse experiences that foster creativity, community connection, and transform them into vibrant hubs of art, culture, and nature. In 2024, more than \$2.8 million was invested to support 31 grant recipients across California. These innovative programs will bring art and cultural activities to local parks, transforming them into dynamic spaces that celebrate California's cultural heritage and provide memorable experiences for visitors and residents alike.

Regional Approach:

Parks California will use a regional approach to support equitable distribution of grant funds.

At least two projects will be funded per region shown on the 2025/26 Grants Program Regional Map. Proposals will be ranked within their region before moving to the next stage. This process will focus efforts on traditionally underrepresented regions, including the North Coast, Sacramento Valley, Sierra

Nevada, Central Coast, Central Valley, Inland Desert, and Tribal lands. The final selection process will ensure that recommendations represent regions across the state.

California Department of Parks and Recreation: Land and Water Conservation Fund (LWCF)

Deadline: August 5, 2025

Amount: Up to \$6 million

Match: Yes - 50%

Eligibility: Cities, counties, tribal governments, JPAs, park districts, and special districts with authority to acquire, operate and maintain public park and recreation areas

URL: https://www.parks.ca.gov/?page_id=21360

Acquisition of lands, wetlands, and waters for public outdoor recreation, including new areas or additions to existing parks, forests, wildlife management areas, beaches, and other similar areas dedicated to public outdoor recreation, as well as physical connections among them (e.g., trails, waterways, land between recreation areas, wildlife habitat corridors) may be eligible for assistance.

Development should encompass essential public outdoor recreation activities and the necessary support facilities for public use. Projects could involve a combination of land acquisition and site development.

These projects can cater to a diverse range of public outdoor recreation activities and facilities required to enhance the use and enjoyment for the public. These include, and are not limited to:

- Community Parks
- Campgrounds
- Playgrounds
- Sport fields and Courts
- Picnic Areas and Open-air Pavilions
- Trails and Tracks for Hiking, Walking, Skating, or Biking
- Water based Recreation Facilities for Swimming or Boating
- Fishing and Hunting Facilities
- Pools and Splash Pads
- Publicly Accessible Nature Preserves or Conservation Areas
- Community Gardens
- Spectator Facilities such as Amphitheaters or Bandstands
- Renovations of Existing Facilities
- Interpretive Signage

California Parks & Recreation/California Natural Resources Agency: Environmental Enhancement and Mitigation Fund

Deadline: Spring 2025

Amount: up to \$750,000, acquisition projects can be up to \$1,500,000

Match: Not Required

Link: <https://resources.ca.gov/grants/environmental-enhancement-and-mitigation-eem>

Purpose: This program was created by California Streets and Highways Code Section 164.56 (Article XIX, Section 1, of the State Constitution), which authorizes the legislature to allocate up to \$7 million each fiscal year from the Highway Users Tax Account (Motor Vehicle Revenues, Section 2100) for environmental enhancement and mitigation projects that are directly or indirectly related to the environmental impact of modifying existing transportation facilities or for the design, construction, or expansion of new transportation facilities. EEM projects must contribute to mitigation of the environmental effects of transportation facilities. The California Natural Resources Agency (Agency) prescribes procedures and criteria to evaluate grant project proposals and submits a list of projects recommended for funding to the California Transportation Commission (CTC). The CTC awards grants to projects from the

Agency's list.

Local Parks Grant Program

Deadline: June 2025

Amount: Min \$15,000, max \$250,000 in grant awards for the Planning and Development track, and \$2,500,000 in grant awards for Implementation Grant track

This new multi-year grant program intends to create local community connections to California's rich and diverse cultural history and natural areas outside of California's state park boundaries. Eligible projects will enhance connections to local cultural history, local parks, open space or natural areas through community events, programming or installations that help to build sustainable community connections, health and well-being. The Local Parks Grants Program will be managed and administered by Parks California.

This program supports the "Outdoor Access for All" initiative led by Governor Gavin Newsom and First Partner Jennifer Siebel Newsom, along with the Natural Resources Agency's "Outdoors for All" initiative, and California State Parks' Reexamining Our Past Initiative.

California Natural Resources Agency: Youth Community Access Grant Program

Deadline: August 2025

Amount: \$25,000 to \$500,000

Eligibility: Local, state, and federal agencies; nonprofit organizations; and federally recognized Native American tribes. Eligible projects must serve youth and directly support access to either natural or cultural resources AND meet the criteria for both low-income AND disadvantaged (not one or the other) communities. (See guidelines for criteria details)

URL: https://resources.ca.gov/grants/youth?utm_medium=email&utm_source=govdelivery

Summary: Programs such as the Youth Community Access grant program help advance Outdoor for All, CNRA's initiative that is expanding parks and outdoors spaces in communities that need them the most, supporting programs to connect people who lack access, fostering a sense of belonging for all Californians in the outdoors, and much more.

To be eligible for funding, projects must meet ALL the following program requirements:

1. Projects must serve youth. For the purposes of this program, youth is defined as a person between the ages of birth and 26 years old.
2. Projects must directly support youth access to either natural or cultural resources.
3. Projects must include design features and program elements to promote youth health, safety, well-being, and comfort.
