

Current Grant Opportunities

-Popular Opportunities

CalOES: Hazard Mitigation Grant Program (HMGP)

Deadline: Rolling NOI, funds renewed TBD

Amount: Can fund both planning and implementation. Planning: \$150,000 for single jurisdiction plan, \$250,000 for multi-jurisdiction plan. Implementation: no maximum for grant award requests

Match: Generally, HMA funds may be used to pay up to 75% of the eligible activity costs. The remaining 25% of eligible activity costs are derived from non-Federal sources

Eligibility: States, local communities and tribal governments

<https://www.caloes.ca.gov/office-of-the-director/operations/recovery-directorate/hazard-mitigation/hm-grant-opportunities/hma-hmgrp/>

Funding Priorities:

- Local Hazard Mitigation Plans (LHMP) updates that will expire within 24 months.
- All other LHMP updates.
- Shovel ready projects with a high level of design that can begin construction within 90 days of FEMA approval, in declared counties.
- Shovel ready projects with a high level of design that can begin constructions within 90 days of FEMA approval, in all other counties.
- Whole community risk reduction/large critical infrastructure wildfire projects.
- Whole community risk reduction/large critical infrastructure projects for other hazard types.
- Wildfire projects in any county.
- All hazard type projects in any county.
- Planning related activities.
- Five percent (5%) Initiative projects.

California Coastal Conservancy

Deadline: Rolling

Amount: There are no maximum or minimum grant amounts for this funding; however, it is anticipated that most grants will be between \$200,000 and \$5,000,000.

Match: No

<https://scc.ca.gov/grants/>

The Coastal Conservancy funds a wide variety of projects along the California coast, San Francisco Bay, and in coastal watersheds to increase availability of beaches, parks and trails for the public, protect and restore natural lands and wildlife habitat, preserve working lands, and increase community resilience to the impacts of climate change including wildfire resilience.

The Conservancy will fund most stages of a project including: pre-project feasibility studies, property acquisition, project planning including community involvement, design, environmental review, permitting, construction, and project-related monitoring. We do not fund operation and maintenance activities.

Grants for Art Projects Program

Deadline: R2: Grants.gov: July 17th (SF-424), NEA: July 29th, 2025

Amount: \$10,000-\$100,000

Match: 1:1

Eligibility: Nonprofit, tax-exempt 501(c)(3), U.S. organizations; Units of state or local government; or Federally recognized tribal communities or tribes.

URL: <https://www.arts.gov/grants/grants-for-arts-projects>

Purpose: The NEA is committed to supporting arts projects for the benefit of all Americans. Grants for Arts Projects (GAP) provides funding for public engagement with the arts and arts education, for the integration of the arts with strategies promoting the health and well-being of people and communities, and for the improvement of overall capacity and capabilities within the arts sector. We welcome applications from first-time and returning applicants; from organizations serving rural, urban, suburban, and tribal communities of all sizes; and from organizations with small, medium, or large operating budgets.

We fund arts projects in the following disciplines: Artist Communities, Arts Education, Dance, Design, Film & Media Arts, Folk & Traditional Arts, Literary Arts, Local Arts Agencies, Museums, Music, Musical Theater, Opera, Presenting & Multidisciplinary Works, Theater, and Visual Arts.

Cal Recycle: Tire Derived Aggregate

Deadline: July 17, 2025

(Cycle 25)

October 16, 2025 (Cycle 26)

January 13, 2026 (Cycle 27)

Amount: Up to \$750,000 per grant cycle

Match: No

Eligibility: Local government agencies, state agencies, qualifying Indian Tribes, and private, for-profit entities.

Link:

https://calrecycle.ca.gov/tires/grants/tda/fy202526/?utm_medium=email&utm_source=govdelivery

Description: The Tire-Derived Aggregate (TDA) Grant Program is designed to promote the use of recycled tires in civil engineering projects and other applications. TDA is a versatile, lightweight, and cost-effective alternative to conventional construction materials, and it can be used in a variety of applications, including retaining wall backfill, lightweight embankment fill, and vibration mitigation. Projects generally fall into one of five categories (see [TDA Uses](#) for more complete descriptions):

Category 1: Mechanically Stabilized TDA (retaining walls).

Category 2: Low Impact Development (storm water mitigation including storm water infiltration galleries).

Category 3: Lightweight fill (slope stabilization, embankment fill, landslide repair, and retaining walls).

Category 4: Vibration mitigation (under rail lines).

Category 5: Landfill application (aggregate replacement projects such as leachate and gas collection systems, drainage layers, leachate injection). Projects that are currently underway or that have been completed at the same location within the same facility within three years of application are not eligible. Landfill application projects do not include use of shredded waste tires as alternative daily cover or alternative intermediate cover.

USDOT FHA: Bridge Investment Program

Deadlines:

- August 1, 2025 for Large Bridge Projects minimum \$50M
- October 1, 2025 for Planning Grants (FY '26 funding).
- November 1, 2025 for Bridge Projects minimum \$2.5M

Amount: \$2.5-100M

Eligibility: State governments, City or township governments, County governments, Special district governments, Others (see text field entitled "Additional Information on Eligibility" for clarification), Native American tribal governments (Federally recognized)

Match: Yes, varies depending on project size and other funding sources

<https://www.fhwa.dot.gov/bridge/bip/>

The Bridge Investment Program is a competitive, discretionary program that focuses on existing bridges to reduce the overall number of bridges in poor condition, or in fair condition at risk of falling

into poor condition. It also expands applicant eligibilities to create opportunity for all levels of government to be direct recipients of program funds. Alongside states and federal lands management agencies, metropolitan planning organizations and local and tribal governments can also apply directly to FHWA, making it easier to advance projects at the local level that meet community needs.

California Department of Parks and Recreation: Land and Water Conservation Fund (LWCF)

Deadline: August 5, 2025

Amount: Up to \$6 million

Match: Yes - 50%

Eligibility: Cities, counties, tribal governments, JPAs, park districts, and special districts with authority to acquire, operate and maintain public park and recreation areas

URL: https://www.parks.ca.gov/?page_id=21360

Acquisition of lands, wetlands, and waters for public outdoor recreation, including new areas or additions to existing parks, forests, wildlife management areas, beaches, and other similar areas dedicated to public outdoor recreation, as well as physical connections among them (e.g., trails, waterways, land between recreation areas, wildlife habitat corridors) may be eligible for assistance.

Development should encompass essential public outdoor recreation activities and the necessary support facilities for public use. Projects could involve a combination of land acquisition and site development. These projects can cater to a diverse range of public outdoor recreation activities and facilities required to enhance the use and enjoyment for the public. These include, and are not limited to:

- Community Parks
- Campgrounds
- Playgrounds
- Sport fields and Courts
- Picnic Areas and Open-air Pavilions
- Trails and Tracks for Hiking, Walking, Skating, or Biking
- Water based Recreation Facilities for Swimming or Boating
- Fishing and Hunting Facilities
- Pools and Splash Pads
- Publicly Accessible Nature Preserves or Conservation Areas
- Community Gardens
- Spectator Facilities such as Amphitheaters or Bandstands
- Renovations of Existing Facilities
- Interpretive Signage

CalEVIP: Fast Charge California Project 1 (FCCP-1)

Deadline: Application period is from August 5, 2025- October 29, 2025 (first come first serve)

Amount: Up to \$100,000 per charging port

Match: n/a

Eligibility: Open to all sites that fulfill the set requirements on accessibility

Link: <https://calevip.org/fast-charge-california-project>

Summary: The Fast Charge California Project 1 (FCCP-1), part of CALeVIP 2.0, is a statewide incentive program by the California Energy Commission (CEC) to expand high-powered DC fast chargers (150 kW+) and support zero-emission vehicles (ZEVs). With at least \$55 million in funding, incentives cover 100% of eligible costs, capped at \$55,000 per port (150-274.99 kW) or \$100,000 (275 kW+), for up to 20 ports per site. Applications require final utility service design approval and issued permits and are processed first-come, first-served, with priority for Disadvantaged Communities (DACs), Low-Income Communities (LICs), and Tribal Lands (TLs), but no requirement for application. Chargers must be publicly available.

CalFire: Wildfire Prevention Grants

Deadline: August 6th, 2025

Amount: The recommended funding amount is \$3 million or less. Project equipment not to exceed a

cumulative total of \$750,000.

Match: Not required, but encouraged

Link: <https://www.fire.ca.gov/what-we-do/grants/wildfire-prevention-grants>

The CAL FIRE Wildfire Prevention (WP) Grants Program provides competitive funding to reduce the risk of wildfires and increase the resiliency of California's communities. Up to \$135 million in FY25–26 funding is available from both California Climate Investments (CCI) and Proposition 4 bond funds.

Projects must focus on **Hazardous Fuels Reduction, Wildfire Prevention Planning, or Wildfire Prevention Education.**

Priority is given to projects benefiting disadvantaged or severely disadvantaged communities, reducing GHG emissions, maintaining existing fuels reduction projects, or increasing home/community hardening. All applicants must demonstrate project readiness and the capacity to complete the work on time and within budget. CEQA/NEPA compliance must be met within 12 months of grant execution.

Eligible Activities:

- Hazardous fuels reduction (e.g., vegetation clearing, fuel breaks, tree thinning, prescribed grazing)
- Wildfire prevention planning (e.g., CWPPs, evacuation plans)
- Wildfire prevention education and outreach

Parks California: Route to Parks Grant

Due Date: August 8th, 2025

Amount: Parks California anticipates awarding approximately \$1,000,000 with awards averaging \$25,000 - 30,000 per grantee.

Match Requirements: No

Eligibility:

- 501(c)3 Organizations
- California Native American Tribes (inclusive of federally and non-federally recognized tribes)
- Native 7871 Organizations
- Fiscally sponsored Community Organizations
- Government Agencies

Link: [Route to Parks Grants](#)

Summary:

- Primarily provide transportation to/from [California State Parks and beaches](#);
- Offer a valuable recreational, environmental, cultural, or historical learning experiences;
- Reach underrepresented communities who may face challenges getting to or enjoying parks, and/or lack opportunities to create meaningful connections to nature;
- Address parts of the state with the greatest transportation needs.

Preference will be given to proposals that:

- Include programming and/or experiences at California State Parks that connect people to inland waterways, lakes, rivers, watersheds, and water systems;
- Deliver memorable experiences in nature through collaboration with other stakeholders to build expertise and deliver programs that they alone would not be able to provide;
- Provide participants with multiple meaningful outdoor experiences in parks;
- Strengthen collaboration and partnership with California State Parks;
- Have an innovative and relevant transportation approach for participants.

CEC: Community Energy Reliability and Resilience Investment (CERRI) Program – Round 2

Deadline: August 29, 2025

Amount: \$5,186,701–\$20,746,805 per award (up to \$51.8M total)

Match: 33.33% (Group 2 – small entities) or 115% (Group 1 – large entities)

Eligibility: Grid operators, electricity generators or storage providers, transmission/distribution providers, fuel suppliers, or any entity approved as “other relevant entity” by the CEC and U.S. DOE

Link: <https://www.energy.ca.gov/programs-and-topics/programs/community-energy-reliability-and-resilience-investment-cerri-program>

Summary:

The CERRI Program provides major infrastructure funding to support projects that increase community energy reliability and resilience by hardening California's electric grid against wildfires, storms, and other extreme events. Eligible activities include undergrounding power lines, battery storage, vegetation management, utility pole upgrades, advanced conductors, substation hardening, and microgrid components. Workforce development and community engagement tied to these infrastructure efforts are also eligible. Projects must serve California communities, and priority is given to those located in disadvantaged or tribal areas.

HCD: Homeless, Housing, Assistance and Prevention (HHAP)

Due: August 29th, 2025

Amount: Allocations list: <https://www.hcd.ca.gov/sites/default/files/docs/grants-and-funding/calich/hhap-6-allocations.pdf>

Match: No

Eligibility: California's 44 CoCs identified by HUD. California's 14 cities with a population of 300,000 or more as of January 1, 2022. California's 58 counties.

Link: <https://www.hcd.ca.gov/grants-and-funding/programs-active/homeless-housing-assistance-and-prevention-grant-program>

HHAP makes available grant allocations to cities, counties, and continuums of care with flexible funding to prevent and end homelessness in their regions.

Google: Water Efficiency and Quality: Infrastructure Projects

Deadline: September 30th, 2025

Amount: \$350,000 to \$6 million. Funding can be used for upfront capital expenditures, operation and maintenance costs, and annual reporting. Funding under this RFI may be combined with other sources of funding.

Match: No

<https://datacenters.google/water-rfi/>

This **Water Efficiency and Quality: Infrastructure Projects — Request for Information (RFI)** seeks to identify shovel-ready and early-concept water infrastructure projects eligible for co-funding that could be under construction by 2028 to support our water replenishment goals. Any project that conserves, restores, or keeps water in the watershed that would otherwise be lost, flow out of the watershed, or be inaccessible due to water quality concerns may be considered "replenishment." Project impacts will be evaluated on the basis of volumetric benefits (in millions of gallons per year [MGY]) following the [Volumetric Water Benefit Accounting \(VWBA\)](#) Guidance as the industry standard, with preference given to projects above 100 MGY.

Communities in Charge Incentive Program

Deadline: Expected to release August 5, 2025 | Closes October 25, 2025

Amount: \$8,500 per eligible charging port

- *Bonus:* Additional \$3,500 per port for multi-family housing sites serving Tribal governments/entities or NGOs serving Tribal communities

Match: None listed

Link: <https://thecommunitiesincharge.org/>

Summary:

California's Communities in Charge program, funded by the California Energy Commission and led by CALSTART with GRID Alternatives and Tetra Tech, offers incentives for Level 2 EV charging installations. Designed to expand access in underserved communities, the program supports participants with technical assistance and transparent requirements. Incentives are prioritized for high-readiness projects, and the program will scale as funding becomes available.

Eligibility:

- If you are the property owner, authorized lessee, or their authorized representative, you may apply for incentives for your Level 2 charging site.
- All Project Sites are eligible, except where specifically indicated within the Implementation

Manual. Sites may be for private, public, or mixed use to allow flexibility for their site hosts. At a minimum, Project Sites must abide by the requirements below:

- Premises must be well-lit, secure, and in compliance with all US federal, California state, and local laws, ordinances, rules, codes, standards, and regulations.
- Any Level 2 EVSEs made accessible to the general public must be available at least 18 hours a day, seven days a week, excluding holidays. (Project sites for businesses and organizations that provide charging primarily for their workers and multi-family housing sites are exempt from this requirement).
- All Level 2 EVSEs must be shared and may not be assigned or otherwise allocated to any one individual.
- Single-family dwellings (detached), duplexes, triplexes, individual townhomes, and individual mobile homes are not eligible site types for installation of Level 2 EVSEs with this incentive project. However, installations may include shared-use Level 2 EVSEs made available to residents domiciled in these housing developments.
- Installations for school bus charging are not eligible for incentives.
- Project Sites that have already been commissioned are not eligible for incentives.

Behavioral Health Continuum Infrastructure Program: Unmet Needs

Deadline: PAC due: August 29th, 2025, Full application due: October 28th, 2025

Amount: over \$800 million available

Eligibility: Counties, cities, Tribal entities (including 638s and urban Indian clinics), nonprofit organizations, and for-profit organizations whose projects reflect the State's priorities and align with facility types listed in Table 1 are eligible to apply for this funding

Match: Yes, varies depending on project funding awarded and entity

Link: <https://www.infrastructure.buildingcalhhs.com/>

Program Update (Guidance): https://staging.bhcip.buildingcalhhs.com/wp-content/uploads/2024/04/bhcip_rounds7_8_program_update.pdf

For purposes of Bond BHCIP Round 2: Unmet Needs funding, DHCS will focus on the remaining gaps in the statewide behavioral health continuum and prioritize mental health community residential beds and crisis settings (please see Eligible Facility Chart for more information). DHCS also aims to distribute grant funds to rural/remote areas with outstanding behavioral health needs or insufficient behavioral health infrastructure, and geographic areas with no prior BHCIP infrastructure projects. In addition, DHCS is prioritizing regional models aimed at constructing, renovating, and/or expanding community-based services.

Projects must make a commitment to serve Medi-Cal members.

Funding is intended for planning, preconstruction, permitting, and construction;

Table 2. Eligible Facility Types

Bond BHCIP Round 2: Unmet Needs Eligible Facility Types
Mental Health Facilities
Acute Psychiatric Hospital
Behavioral Health Urgent Care (BHUC)/Mental Health Urgent Care (MHUC)*
Children's Crisis Residential Program (CCRP)
Community Mental Health Clinic (outpatient)
Community Treatment Facility (CTF)
Crisis Stabilization Unit (CSU)*
General Acute Care Hospital (GACH) for behavioral health services only
Mental Health Rehabilitation Center (MHRC)
Peer Respite*
Psychiatric Health Facility (PHF)
Psychiatric Residential Treatment Facility (PRTF)
Short-Term Residential Therapeutic Program (STRTP)
Skilled Nursing Facility with Special Treatment Program (SNF/STP)
Social Rehabilitation Facility (SRF) 1*
Substance Use Disorder (SUD) Facilities
Adolescent Residential SUD Treatment Facility
Adult Residential SUD Treatment Facility
Chemical Dependency Recovery Hospital
Hospital-Based Outpatient Treatment (outpatient detoxification/withdrawal management)
Narcotic Treatment Program (NTP)
NTP Medication Unit
Office-Based Opioid Treatment (OBOT)
Outpatient Treatment for SUD
Partial Hospitalization Program
Perinatal Residential SUD Facility
Sobering Center

LA County Regional Park Open Space District (RPOSD): Competitive Grant Programs

Deadline: October 30th, 2025

Amount:

- Planning and Design: \$100k-\$500k
- Natural Lands, Local Beaches, Water Conservation And Protection: \$500k-\$4M
- Regional Recreation, Multi-Use Trails & Accessibility Competitive Grant Program: \$500k-\$4M

Match: No

Eligibility: LA County based public agencies, non-profits, and public or non-profit schools

https://rposd.lacounty.gov/2025competitivegrants/?utm_content=&utm_medium=email&utm_name=&utm_source=govdelivery&utm_term=

Planning and Design: The Planning & Design Competitive Grant Program supports early-stage work that leads to Measure A-eligible, shovel-ready projects under Category 3 (Natural Lands, Local Beaches, Water Conservation & Protection) and Category 4 (Regional Recreation, Multi-use Trails & Accessibility). The program helps applicants advance their projects to a stage where they are eligible and competitive for future development funding—from RPOSD or other funders. This includes pre-construction efforts such as design, permitting, environmental review, feasibility analysis, and meaningful community engagement. All work funded through this program must directly support the creation or improvement of a Measure A-eligible development project and be in line with policies outlined in the GAM.

Natural Lands, Local Beaches, Water Conservation And Protection: The Category 3 Competitive Grant Program funds shovel-ready development projects that protect, restore, or enhance natural lands, water resources, and open space throughout Los Angeles County. Eligible projects must result in the development, improvement, or restoration of multi-benefit parks, trails, and open space that provide meaningful public access while promoting community health, clean local water supplies, habitat protection, biodiversity, and environmental resilience. Priority will be given to projects offering the greatest regional benefit or serving the greatest regional need.

Regional Recreation, Multi-Use Trails & Accessibility Competitive Grant Program: The Category 4 Competitive Grant Program supports shovel-ready capital projects that expand or improve regional recreation, multi-use trail systems, and public accessibility to parks and open space across Los Angeles County. Projects must demonstrate regional significance by serving

diverse populations across multiple communities, enhancing multi-jurisdictional trail systems, or delivering substantial recreational improvements that benefit the county at large. Regional projects often connect jurisdictions, serve destination users, or represent a unique resource of countywide value.

CASF: Broadband Infrastructure Account

Deadline: October 31st, 2025

Amount: max \$25,000,000

Eligibility: Open to internet service providers, local agencies, tribes, and other eligible entities meeting speed, affordability, and technical requirements. The project must serve an "unserved area," defined as a location where no fixed facility-based broadband provider offers service at speeds of at least 25 Mbps download and 3 Mbps upload.

Match: 0–40% depending on project and applicant type

<https://www.cpuc.ca.gov/industries-and-topics/internet-and-phone/california-advanced-services-fund/casf-infrastructure-grant>

The California Advanced Services Fund (CASF) Broadband Infrastructure Grant Account provides financial support for projects that expand high-speed internet access in unserved and underserved areas across California. The grant funds the construction of "last-mile" and "middle-mile" broadband infrastructure, including fiber-optic networks, fixed wireless systems, and hybrid technologies that meet or exceed state-defined speed thresholds.

Eligible projects may include:

- Installing new fiber or wireless broadband infrastructure
- Upgrading existing networks to provide higher speeds
- Connecting anchor institutions like schools, libraries, and healthcare facilities
- Deploying scalable infrastructure that supports future growth in demand

Funding covers construction-related costs such as labor, materials, permitting, environmental compliance, and project planning. Applicants may receive up to 100% of eligible construction costs depending on the demographics and geography of the area served, with higher funding levels available for projects in low-income or hard-to-reach areas and those offering affordable service plans.

This grant aims to close the digital divide and help California reach its goal of broadband access for all.

CPUC: Cal Advanced Services Broadband Adoption Account

Deadline: January 1, 2026

Amount: The CASF Adoption Account is authorized \$20.024 million for fiscal year 2023-2024 to provide grants to increase publicly available or after-school broadband access and digital inclusion.

Match: Yes, 15%

Link: <https://www.cpuc.ca.gov/industries-and-topics/internet-and-phone/california-advanced-services-fund/casf-adoption-account>

Purpose: Pursuant to Public Utilities (Pub. Util.) Code section 281, moneys in the CASF Adoption Account are available to the Commission to award grants to increase publicly available or after-school broadband access and digital inclusion, such as grants for digital literacy training programs and public education to communities with limited broadband adoption. The Commission is required to give preference to programs and projects in communities with demonstrated low broadband access, including low-income communities, senior citizen communities, and communities facing socioeconomic barriers to broadband adoption.

Economic Development Administration (EDA): PWEAA

Due: Rolling basis, no deadline.

Amount: \$100,000 to \$3,000,000

Match: No

Eligibility:

City or township governments

Native American tribal governments (Federally recognized)

Public and State controlled institutions of higher education

Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Private institutions of higher education

State governments
County governments
Special district governments

Link: <https://www.eda.gov/funding/funding-opportunities>

Purpose: EDA has authority to provide grants to meet the full range of communities' and regions' economic development needs from planning and technical assistance to construction of infrastructure. These grants are made through a series of Notices of Funding Opportunity (NOFOs) that can be found on EDA's website at <https://www.eda.gov/funding/funding-opportunities> and are designed to support the economic development activities most useful to a community based on its needs and circumstances. EDA funds community or regionally generated ideas and assists communities to advance to the next level of economic development.

This NOFO, which supersedes the FY20 PWEAA NOFO, sets out EDA's application submission and review procedures for two of EDA's core economic development programs authorized under the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. § 3121 et seq.) (PWEDA): (1) Public Works and Economic Development Facilities (Public Works) and (2) Economic Adjustment Assistance (EAA).

EDA supports bottom-up strategies that build on regional assets to spur economic growth and resiliency. EDA encourages its grantees throughout the country to develop initiatives that present new ideas and creative approaches to advance economic prosperity in distressed communities.

Through this NOFO EDA intends to advance general economic development in accordance with EDA's investment priorities, but also to pursue projects that, where practicable, incorporate specific priorities related to equity, workforce development, and climate change resiliency so that investments can benefit everyone for decades to come.

***CEDS (Comprehensive Economic Development Strategy) needed for EDA grants

SRF Programs

Deadline: Ongoing

Amount: Varies Depending on Project

Match: Low Cost Loan with PF option

Link: https://www.waterboards.ca.gov/water_issues/programs/

Purpose: Funding for Drinkingwater, Wastewater, and Stormwater projects.

T-Mobile Hometown Grant

Deadline: Rolling

Amount: \$50,000 max

Match: No

Eligibility: Cities, Counties, Non-Profits with a community population of under 50k

<https://www.t-mobile.com/brand/hometown-grants#FAQs>

The T-Mobile Hometown Grants program funds projects to build, rebuild, or refresh community spaces that help foster local connections in your town. Projects should be shovel-ready, physical builds or improvements that can be completed within 12 months of receiving Hometown Grants funding.

Examples of eligible projects include but are not limited to: adaptive uses of older and historic buildings into community gathering spaces, improvements to outdoor parks or trails, and technology projects for the public library.

Funds may not be used for: engineering and architectural plans or fees, salaries or annual operating expenses, or reimbursement for projects that are already completed. Hometown Grants are intended for "shovel-ready projects". Information required for your application includes:

- Project plan proposal with a detailed budget and timeline
- Up to 5 letters of support from stakeholders in the community
- Examples of in-kind donation possibilities/additional funding to cover the remainder of the project
- Details on permits needed or already obtained

Waste Management Charitable Giving Program

Deadline: Continuous

Amount: Not specified

Eligibility: 501(c)(3) organization or public organizations where any donations requested will be used exclusively for public purposes.

<http://www.wm.com/about/community/charitable-giving.jsp>

Healthy thriving communities depend on involved citizens, organizations and corporate partners for momentum. We lend our support and services to causes that promote civic pride, economic development and revitalization. Every community has its own challenges, and we strive always to be part of problem-solving initiatives. WM is most motivated to support programs that support environment, environmental education, and causes important to the areas they operate.
