One crystal pillar will be awarded in each category. Additional pillars may be purchased online through our website after the winners have been announced. Honorable Mentions will receive commemorative certificates.

STUDENTS PLEASE BE ADVISED

Students are not considered peer professionals and as such, their regional student productions are not eligible for Emmy® Award recognition. If material is produced as part of a class, for which school credit is received, they are considered a student. If they are paid or working on a project with other "professionals," and want to enter the Chapter's Emmy® Award competition, they cannot enter as a student, but instead must pay the appropriate entry fees. The student is then prohibited from entering subsequent student production categories with other classmates.

The High School and College/University Student Production Award Celebration will be June 14, 2022
Invitations will be emailed.

Congratulations!
