Hands-on Aseptic Technique and Sterile Compounding**

Track #1

A full day symposium with Transitions of Care theme

Thursday, June 6, 2019

Initial Release Date: June 6, 2019

6:30–7:00 pm

Registration

7:00–8:00 pm

More than Just the Blues: Major Depressive Disorder and Serotonin Syndrome in the Elderly (BCGP and CPE)

Stephanie Sibicky, PharmD, BCPS, BCGP, Assistant Clinical Professor, Northeastern University School of Pharmacy, Boston, MA

Contact Hours: 1.5 (1 hour of live content, 0.5 hours for post-test assessment)

At the completion of this activity, the participant will be able to:

1. Using definitions of major depressive disorder, differentiate depression from delirium and dementia in an older adult
2. Review available treatment options for depression with a focus on use in the geriatric population
3. Determine the risks associated with the development of serotonin syndrome in an older adult
4. Describe the clinical presentation of and management strategies for serotonin syndrome

UAN 0203-0000-19-037-L01-P (application-based)

To receive BCGP/CPE credits, participants must attend the activity in its entirety and complete the post-test and evaluation on the ASCP Learning Center by July 21, 2019. No exceptions.

BCGP Pharmacists: Per the Board of Pharmacy Specialties (BCPS), all pharmacists seeking BCGP Recertification have ONE attempt to achieve a 70% or higher on the 10-question post-test. In order for BCGP courses to post to the BPS Portal, your ASCP profile must be updated with your BCGP Credential Number (not BPS-IND#) and email address registered with BPS. Email address must be identical in both accounts.

8:00-10:00 pm

UConn Alumni Association Networking Event

Friday, June 7, 2019
Initial Release Date: June 7, 2019

7:30–8:00 am	Registration
8:00–9:00 am	Law: Advanced Pharmacy Practice Models: Transitions of Care Management (TCM) <i>Daniel Buffington, PharmD, MBA, President & CEO of Clinical Pharmacology Services, Inc., Tampa, FL</i> Contact Hours: 2.0 At the completion of this activity, the participant will be able to: <ol style="list-style-type: none">1. Define Medication Therapy Management Services2. Identify existing barriers to pharmacy practice model innovation3. Identify the regulatory requirements of respective state pharmacy practice acts that impact the delivery of clinical services.4. Diagram Transitions of Care Management (TCM) practice model development5. Illustrate pharmacists' role in advanced TCM practice roles6. Contrast various states models for collaborative practice7. Discuss the opportunities and limitations of federal healthcare laws regarding billing for pharmacist-based clinical services UAN 0009-9999-19-031-L03-P (application-based)

Explain the rules for billing and documenting CCM encounters for a successful and sustainable CCM program UAN 0009-9999-19-033-L04-P (application-based)

2:30-2:45

Exhibitor Time/Coffee/Tea/Snack

2:45-3:45 pm

Best Pharmacy Practices in Medication Reconciliation

Kaitlyn Caswell, PharmD, MBA, Pharmacy Operations Manager, MidState Medical Center, Meriden, CT
Stacey Ranucci, BSGP, BCGP, CDE, CDOE, Clinical Pharmacist, Rhode Island Primary Care Physician Corporation, Cranston, RI

Kenneth Noyes, PharmD, BCPS, Clinical Pharmacist, Beth Israel Lahey Performance Network

Contact Hours: 1.0

At the completion of this activity, the participant will be able to:

1. Discuss the role of pharmacists in medication reconciliation throughout different aspects of healthcare including the inpatient, outpatient, and long-term care settings
2. Describe the role of the pharmacist in transitions of care from post-acute care setting to “your patient’s home”
3. Detail best practices for medication reconciliation during transitions of care
4. List and describe roles of the health care team during the medication reconciliation process

UAN 0009-9999-19-034-L01-P (knowledge-based)

3:45-4:00 pm

Exhibitor Time/Coffee/Tea/Snack

4:00-5:30 pm

Transitions of Care Tools Test Track

Addolorata Ciccone, PharmD, BCGP, Geriatric Clinical Pharmacist, Jefferson House, Hartford Healthcare, Newington, CT

Christina Polomoff, PharmD, BCACP, BCGP, Assistant Clinical Professor, University of Connecticut School of Pharmacy, Storrs, CT; Population Health Clinical Pharmacist, Hartford Healthcare Integrated Care Partners, Wethersfield, CT

Contact Hours: 1.5

At the completion of this activity, the participant will be able to:

1. Recognize Transitions of Care (TOC) tools available for pharmacists
2. Demonstrate the clinical and operational value of TOC tools for pharmacists involved in care transitions
3. Simulate real-world application of TOC tools through patient cases

UAN 0009-9999-19-035-L04-P (application-based)

Board Certified Geriatric Pharmacists (BCGP) can **earn up to 10 credits** (including **3 hours BCGP**) for attending Schwarting Senior Symposium on Thursday and Friday.

Early Bird Registration ends on May 10, 2019. Included in the early bird registration is an additional 1.5 CH of home-study continuing education for BCGP members (1.0 CPE CH for non-BCGP).

An access code will be sent to all early bird registrants on Thursday, June 6th, 2019.

There is no grant funding for this activity.

Home Study Learning Activity

Initial Release Date: June 1, 2019

Home Study

Vaccine Needs in the Older Adult: The Pharmacist's Role (BCGP and CPE)

Cortney Mospan, PharmD, BCGP, BCACP, Assistant Professor of Pharmacy, Wingate University School of Pharmacy, Wingate, NC

Contact Hours: 1.5 (1 hour of recorded course instruction, 0.5 hour for completion of post-test)

At the completion of this activity, the participant will be able to:

1. Recall the epidemiology and costs associated with treatment of vaccine-preventable illness in older adults
2. Discuss the biological impact of aging on immunity
3. Identify the current immunization recommendations for influenza, pneumococcal, herpes zoster, and pertussis vaccination for adults 65 years or older
4. Evaluate the role of the pharmacist in improving vaccination rates in the older adult population

UAN 0203-0000-19-030-H06-P (application-based)

This activity was supported by an educational grant from Sanofi Pasteur US.

To receive BCGP/CPE credits, participants must attend the activity in its entirety and complete the post-test and evaluation on the ASCP Learning Center on or before November 30, 2019. No exceptions.

BCGP Pharmacists: Per the Board of Pharmacy Specialties (BCPS), all pharmacists seeking BCGP Recertification have ONE attempt to achieve a 70% or higher on the 10-question post-test. In order for BCGP courses to post to the BPS Portal, your ASCP profile must be updated with your BCGP Credential Number (not BPS-IND#) and email address registered with BPS. Email address must be identical in both accounts.

None of the speakers listed above have any actual or potential conflicts of interest associated with their CPE presentation.

The University of Connecticut, School of Pharmacy, is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. 7.0 contact hours (0.7 CEU) will be awarded based on full session participation and completed online evaluations.

The American Society of Consultant Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. 3.0 contact hours (0.3 CEU; 1 hour live content, 1 hour home study, and two [2] 0.5 hours for post-test assessment) will be awarded based on full session participation, early bird registration, successful completion of post-test, and completed online evaluations.

Arthur E. Schwarting Pharmacy Practice Symposium – Track #2 Hands on Aseptic Technique and Sterile Compounding

This comprehensive application-based continuing pharmacy education program is for pharmacist and pharmacy technician compounders.

Initial release date: June 7, 2019

ACPE UAN 0009-0000-19-038-L07-P
ACPE UAN 0009-0000-19-038-L07-T

Faculty

Robin H. Bogner, PhD, Professor, University of Connecticut School of Pharmacy, Storrs, CT

Laura Nolan, CPhT, CSPT, Instructional Laboratory Coordinator, University of Connecticut School of Pharmacy, Storrs, CT

Contact Hours: 7

At the end of the activities, pharmacists will be able to:

- Diagram a floor plan of a cleanroom complex.
- Calculate the “air changes per hour” (ACPH).
- Describe an environmental monitoring plan for a cleanroom complex.
- List elements of a Standard Operating Procedure.
- Demonstrate handwashing, garbing and aseptic technique.
- Compare facilities and identify equipment for a cleanroom complex
- Identify errors or gaps in procedures and in facilities
- Compare changes in USP 797

At the end of the activities, pharmacy technicians will be able to:

- Diagram a floor plan of a cleanroom complex.
- Calculate the “air changes per hour” (ACPH).
- Describe an environmental monitoring plan for a cleanroom complex.
- List elements of a Standard Operating Procedure.
- Demonstrate handwashing, garbing and aseptic technique.
- Compare facilities and identify equipment for a cleanroom complex
- Identify errors or gaps in procedures and in facilities
- Compare changes in USP 797

8:00 – 8:30 am	Registration
8:30–9:30 am	Best Practices in Cleanroom Design and Facilities
9:30–10:15 am	Keeping your Cleanroom “Clean”
10:15-10:30 am	Exhibitor Time/Coffee/Tea/Snacks
10:30–11:00 am	Handwashing & Garbing Practices
11:00–11:45 pm	Essentials of Aseptic Technique
11:45–1:15 pm	Lunch & Exhibit Time
1:15–1:45 pm	Current and Proposed Requirements for Environmental Monitoring
1:45–2:15 pm	SOPs for Environmental Monitoring
2:15–3:15 pm	Hands on Cleanroom Design Activity (1/2 group) Practice Aseptic Technique in our Simulated Hoods (1/2 group)
3:15-3:30 pm	Break

3:30-4:30 pm	Hands on Cleanroom Design Activity (1/2 group) Practice Aseptic Technique in our Simulated Hoods (1/2 group)
4:30-5:00 pm	Training Best Practices
5:00-5:30 pm	What's Wrong with this Picture?

Maximum number of participants: 40

- There is no grant funding for this activity.
- None of the speakers listed above have any actual or potential conflicts of interest associated with their CPE presentation.

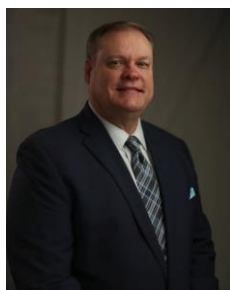

The University of Connecticut, School of Pharmacy, is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education and will award a total of 7 contact hours (0.7 CEU's) for pharmacists and pharmacy technicians who successfully participate fully in the live session, and complete a course evaluation.
