**Re: Kensico Cemetery plot owned by the First Unitarian Society of Westchester**

A large plot in Kensico Cemetery was donated to FUSW in 1972 for the use of our members. The plot is owned by the members of the congregation, and the congregation can give authorization for any member to be buried there.

The plot is a 100 foot circle with a large stone monument in the middle. The lot design allows for 11 full size graves that accommodate 2 caskets (or 4 urns) each. There are also 5 single urn graves. Each gravesite can be designated with an inscribed foot stone of gray granite to match the monument.

The individual member's estate would be responsible for the costs of interment, casket or urn, footstone, and inscription. The First Unitarian Society of Westchester would notify the cemetery of "assigned" gravesites. The list would be maintained by FUSW and by the cemetery, minimizing the ongoing administration on congregational leadership, and providing a benefit to members, as the donor family intended.

Current members are invited to apply to the board to serve on a committee to oversee the use of our Kensico Cemetery Plot. Current members interested in further details about claiming a site for their eventual use should direct inquiries to Susan Greenberg, Treasurer, or Craig Butler, President.
