## ***WEBINARS: Continuing Education while Social Distancing***

Continuing education sessions can continue in this time of COVID-19 through webinars. Utilizing online platforms for continuing education is not a NEW idea, but one that now has greater relevance.

Platforms include features like Q&A sessions, engagement reports for credit verification, and recordings of the sessions so they can be offered again and again.

**How do I begin? It's as easy as 1 – 2 – 3!**

- 1. Purchase a [Zoom](#) webinar package:**
  - Pro Plan (1 host license): \$14.99/month
  - 100-Participant Webinar Add-On: \$40/month
- 2. Contact Lexian Management. We can provide:**
  - Pre-webinar services (set-up, marketing, registration)
  - Technical assistance for speakers and moderators
  - Post-webinar services (CE cards, surveys, etc.)
- 3. And your organization is ready to offer webinars!**
