

A note from Dr. Susan Ehrlich, CEO

Employee Appreciation

Each year, we celebrate our staff's many years of service at the *Annual Employee Appreciation Dinner*. Though virtual this year due to COVID-19, I and the Executive Team would very much like to honor those who have devoted much of their working lives to ZSFG. Remarkably, these dedicated individuals have served our patients and our team for between 10 and 40 years!

I would like to express my deepest gratitude to all the honorees for their incredible work and commitment to ZSFG, our patients and this community. Our staff is our greatest asset, and we would not be the remarkable institution we are today without the amazing work you all do each day. The last year, with all the challenges it has posed for us, has proven that even more.

At the dinner we also honor two people, one employed by DPH and one employed by UCSF, who have devoted decades of service and whose service is truly exemplary. This year, those two individuals are **Mr. Isaac Gaston** and **Dr. Alan Gelb**. I'd like to share more about what makes these two team members exemplary:

Mr. Isaac Gaston has been a porter for ZSFG's Environmental Services Department for the past 35 years. He is an incredibly diligent and hardworking employee who is extremely friendly and well-liked person who goes above and beyond his regular duties to ensure our hospital remains a clean and safe environment for our staff and patients.

Isaac's manager, Louis Moreno, says, "Every morning I meet with him during rounds and he always greets everyone with a smile. He is a good and consistent worker, but also very humble in his great work. He always keeps his area extremely clean."

During his time here, he also participated in ZSFG's co-ed sports teams. His teammates and co-workers described Isaac as someone who never gives up and puts his heart into everything that he does. Similar sentiments were given by his co-worker, Sarah Lew, who noted, "In the beginning of the pandemic, everyone was fearful. Isaac really stepped up and never missed a day of work, even working in a tough area – the Intensive Care Unit." She continued, "We never get complaints from his units. Anytime we have a job request, he'll take care of it right away."

Dr. Alan Gelb has a record of contributions to ZSFG and UCSF beginning way back when he was a medical student in 1973. Now, almost 48 years later, Dr. Gelb has distinguished himself in many areas. He is a leader in medical student education, including 10 years of running the Danovich case as part of Essential Core pre-clerkship

curriculum for 1st year medical students, and his continued efforts in teaching and mentoring students at the bedside in the Emergency Department (ED). He also serves as an outstanding mentor and role model for our residents and junior faculty in the Emergency Department. He is the member of very prestigious at UCSF Halie T. Debas Academy of Medical Educators.

At ZSFG, Dr. Gelb serves several leadership roles, including Chair of the Clinical Practice Group Compliance Committee, Credentials Committee Chairman, and Risk Management Committee. He also serves as a member of the Medical-Legal Committee at the American College of Emergency Physicians (ACEP). He is our Lead Physician in Emergency Department Information Technology and serves a critical role in managing our electronic medical records.

Dr. Gelb is also an excellent clinician. His fund of medical knowledge is beyond compare and he eagerly shares that knowledge and experience with faculty, residents, students and nurses of all specialties. He inspires others to be better teachers, better clinicians and better educators. His legacy is cemented as one of the great physicians at ZSFG and UCSF.

Our deepest gratitude to Mr. Gaston for his 35 years of service and to Dr. Gelb for his 40 years of service to this organization, our patients, and community!

Please also join me in celebrating the following staff who have served and dedicated a remarkable amount of time at ZSFG!
