2017 Scholastic Art & Writing Awards – Affiliate Partner Online Payment Options

MAILED CHECK OR MONEY ORDER ONLY

- This is the default setting for all Affiliate Partners.

PAYPAL PAYMENT

- PayPal accounts need to be the Affiliate's own.
- Only students can pay through PayPal for submissions, this option is not available for educators at this time.
- There will be an option to select each work students wish to pay for through PayPal, and the ORS will direct the student to PayPal, and following payment, will be redirected to their ORS accounts where a message displaying receipt of payment will appear.
- Students can either log into their PayPal accounts to pay, or can choose to pay by credit card without logging in or creating an account.
- The ORS will also track all PayPal payments so that when a submission form is checked in to Scanotron, there will be a message that the submission fee has been paid and will give you a reference number.
- Affiliate will still need to accept mailed for students who cannot use PayPal.

EXTERNAL ONLINE PAYMENT

- Affiliate can link their own pay site.
- While only students will see the option to pay online in their accounts, educators may be able to utilize this option depending on how your pay site is set up.
- A button to "Pay Online" will appear for students that will send them directly to the pay site you linked in the Payment Options section of your Affiliate account.
- Affiliates can still provide payment link on microsite and submission form instructions.
- Affiliate will still need to accept mailed for students who cannot use PayPal.
