

Earth Celebrations and Resources for Trinity Presbytery Congregations

Earth Day 2026 will be celebrated on **Wednesday, April 22, 2026**. Many of you may already have events on your radar but the **Discipleship Resource Team** (DRT) wishes to provide, a few resources for reflection and/or action.

National Faith and Climate Forum – Saturday, April 25, 2026

Inspire. Learn. Act.

Whether you are just getting started on creation care or ready to advocate for climate justice our dynamic agenda is crafted to ignite passion and drive meaningful progress within your congregation. You'll hear from prophetic and inspiring leaders, with practical guidance. You'll receive free tools and resources for faith and climate action in your congregation and community. Together, we'll explore strategies to cultivate thriving congregations through creation care and climate justice.

You have three ways to participate:

1. **Become a Forum Host:** Create a vibrant gathering in your community or place of worship. Blessed Tomorrow provides support and guidance to help you make your event impactful.
2. **Join In-Person at a Host Location:** Immerse yourself at a local host site, experiencing the event with other faith leaders.
3. **Attend Live-Online:** Participate virtually with our interactive platform, featuring live Q&As, networking, chat, polls, and more.

As of this writing, there is one South Carolina location in West Columbia if you wish to gather with a group. You can find it along with information and details at <https://nationalfaithandclimateforum.org/agenda/>.

Presbyterians for Earth Care

<https://presbyearthcare.org>

Blessed Tomorrow

<https://blessedtomorrow.org/partners/> Blessed Tomorrow builds partners' capacity to be visible climate leaders, providing the resources to inspire and empower local and national climate action with their members and the public. Many faith groups are partners including the PC(USA).

Shandon Presbyterian Earth Day Celebration

"Earth Day has been at the forefront of raising awareness and driving action on crucial environmental challenges. We advocate for the health of our planet—its air, oceans, soil, ecosystems, wildlife, and human well-being. On Wednesday, April 22nd, 2026, Earth Day will celebrate its 56th anniversary! To celebrate this milestone the Outreach team will host an Earth Day event on Sunday, April 19, following worship services. The event will take place on the church lawn if weather permits, and if it doesn't you can find us in Davis Hall. This gathering offers an opportunity for you and your family to explore local and state-level conservation and sustainability initiatives. Representatives from various organizations will be present to share educational materials, resources, and volunteer opportunities. There will be prizes, snacks and activities for all ages. Let's unite in our commitment to protect the Earth today and for future generations. Together, we can make a lasting impact and build a more sustainable world. For more information, please contact Caroline Kearns at carolinekearns220@gmail.com

Other Earth Day Celebrations may very well be happening. If you know of any, please feel free to share with others in our Presbytery.
