

Paper Bag Piñatas

Kick your party up a notch on the “fun meter” with these simple paper bag piñatas!

No more hard feelings when your 3 year old can't break the big kid piñata – this paper bag version is sure to make even your smallest party guests smile! We've been making these paper bag piñatas for several years now. You can decorate them to fit any holiday or celebration simply by changing the colors of the tissue paper.

Paper Bag Piñata Supplies

- paper lunch sacks, 1 per child
- magazine/ newspaper pages
- tissue paper
- scissors
- glue or tape
- yarn or twine
- hole punch
- candy, *of course* ☺
- stapler, *optional*

How To Make A Paper Bag Pinata

1. Fill the paper bag with as much candy as you'd like – I usually do a handful or 2. Don't do it too full or it will be too heavy to hang.
2. Crinkle the magazine papers to fill the bag the rest of the way.
3. Fold over the top of the bag and secure with a piece of tape or staple shut.
4. Cut the tissue paper into strips that are long enough to wrap around the paper bag.
5. Cut fringe along the long the edges of the tissue paper strips by cutting slits half way up your tissue paper, every inch or so.

6. Using glue or tape, secure a piece of fringed tissue paper around the bag. The tissue paper should slightly hang over the bottom of the bag.
7. Repeat with another strip of fringed tissue paper, overlapping the previous strip just slightly. Continue until your entire bag is covered.
8. Punch two holes at the top, one on each end.
9. Cut a piece of yarn a few feet long and thread it through one hole on your pinata, securing it with a knot. Secure the other side of the yarn to the other side of the bag.
10. Cut several more 1-inch strips of tissue paper, about 4- 6 inches long. Tape them to the bottom of the pinata.

Hang and have fun!!!

So easy and fun... and what kid doesn't like a pinata?
