Guidelines for Safe Play at Montgomery TennisPlex

All players and coaches must wash or sanitize their hands prior to coming on the tennis courts. Restrooms will be sanitized regularly. Only one person at a time will use the restrooms.

Players' parents will not get out of their car or remain in the parking lot. Players will be dropped off and picked up 10 minutes before and 10 minutes after each session.

Please do not enter the facility if you are not feeling well. If by chance you cough, cover your mouth and nose when coughing or sneezing. Use tissue or your flexed elbow.

All players (juniors and adults) and coaches are required to wear a mask when playing indoors. In addition, all players will be required to wear masks when entering/leaving the parking lot and not engaged in strenuous activity on the courts. Montgomery County Executive Order 114-20 updates previous order.

Parents will be advised to check their child's temperature every day, and not to bring any child who is feeling ill or who has a fever. We will spot check temperature periodically as we deem necessary. Coaches will check their own temperature every day.

Practice social distancing by keeping a minimum of 6ft distance from others.Players will abide by all State, County and CDC regulations.

Tennis Everyone!

Montgomery Tennisplex is committed to your health and safety. Let's stop the spread together! Questions? Call (240) 477-4430
