

THE IMPACT OF ALZHEIMER'S AND DEMENTIA IN OUR COMMUNITY

Informational program presented by the Alzheimer's Association®

Today, nearly 7 million Americans are living with Alzheimer's and over 11 million are their unpaid caregivers — an **escalating health crisis that affects many in our community.**

Join us for an informative discussion to learn about the impact of the disease, where to turn to for local resources and support groups, and ways you can join the fight against Alzheimer's and all other dementia.
