

MANCHEGO

CHEESE / PRODUCT #15027, 15049, 15164

ABOUT THE PRODUCT

With a firm, slightly granular consistency and complex flavor that evokes Spain's windswept La Mancha region, Boar's Head® Manchego Cheese is a flavorful cheese that is crafted in the Old World style from sheep's milk and aged 12 months. Imported from Spain, this cheese has a subtly sharp, intense flavor with a clean, pleasant finish.

➤ BETTER BECAUSE

It is a true Manchego produced from the milk of Manchega Sheep who graze in the high plateaus of the La Mancha region of Spain

➤ FUN FACT

Manchego cheese is produced with the milk of sheep which are raised in the La Mancha region of Spain, a high plateau located in central Spain. The zigzag pattern on Manchego's side rind is the result of the molds used to form its shape and the similar pattern on its top and bottom are from the wooden boards used to press the cheese. The inedible rind is painted to identify the age of the cheese: orange for 3 months, green for 6 months, and brown for 1 year. Manchego is Spain's most famous cheese and our retail cheese products of Manchego are PDO (Protected Designation of Origin) certified.
