National Science Foundation

# STEM DAY

**Saturday, May 10**  
**10am-12pm**

**Sabado, Mayo 10**  
**10am-12pm**

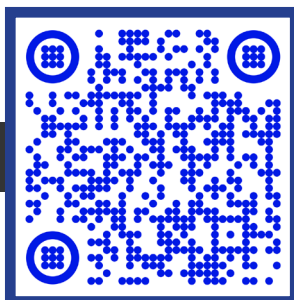

**Jennie Smoly Caruthers Biotechnology Building, 3415 Colorado Avenue, Boulder**

Many items that we use daily (the internet, GIS technologies, AI and Duolingo!) are the result of NSF investments in STEM. This free event will showcase some of the projects and initiatives that the NSF has funded at CU Boulder and CU Anschutz. Hands-on activities and scientist demonstrations will be ideal for grades 4-12 and adults. Food and beverages will be available for purchase from Stinger's Café.

Muchos de los recursos que usamos a diario (internet, tecnologías SIG, IA y Duolingo) son el resultado de las inversiones de la NSF en STEM.

Este evento gratuito presentará algunos de los proyectos e iniciativas que la NSF ha financiado en CU Boulder y CU Anschutz. Las actividades prácticas y las demostraciones científicas serán ideales para estudiantes de 4 a 12 grado y adultos. Se podrán comprar alimentos y bebidas en Stinger's Café.
