

# KINDERGARTEN

## WEEKLY NEWS

We had a very fun and educational week. The children thoroughly enjoyed their field trip to New Pond Farm. They learned quite a bit about Native Americans and definitely appreciate the way we live now! Thursday found us journaling about our favorite part of the trip using sound spelling! We also enjoyed our visit from Newtown Hook and Ladder about fire safety. The children were delighted when they had a chance to spray the water from the hose! No, they did not turn it on the teachers! We have been working on our word walls and our beginning sounds. We also have been introduced to the vowel Aa. Vowels are a lot harder than the consonants, it just takes time! DRA's are in full swing; they should be completed by mid week. The best way to help your child is by reading to them. It is also great if they see you have a love of reading. We completed our healthy vs non healthy posters. The children worked in teams to produce what they thought were healthy and non healthy foods. We had a few discussions to say the least!

### DATES TO REMEMBER

**October 22 - Picture Day**  
**October 23 - Safe talk by Mrs. Arsenault.**  
**October 31 - Halloween celebration, you should have received a sign up genius from our Mrs. Jackson!**

### SIGHT WORDS

### REMINDERS

We have collected close to \$40 in bottle money to date, thank you! It all gets used for classroom items! This week we added a new chair to our reading center. Please make sure your child has proper outerwear; it really is getting cold!

## UPCOMING WEEK

Religion - Acts of kindness, prayer practice, Choosing our saint name for the year  
 Math - More problem solving and patterning  
 L.A. - More sight words, journaling, adjectives, proper spacing between words.  
 Handwriting - All letters all the time!!
