

Dear Families,

The month of October has gone so quickly! The children have been working hard and accomplished many things . I will attach some more pictures of our field trip to the Stepping Stones Museum. A special thanks to Mr. Gelson for providing some more pictures.

I enjoyed seeing the children at Trunk or Treat on Friday night. It was a pleasure to speak with many of you and get to know you.

Our Instructional Mass is on Saturday, October 27 @ 9:30 in the church. This is for those students who are receiving the sacrament of Reconciliation and Communion.

We are busy working on our book reports and the children are excited to dress up as their characters on Wednesday. We will incorporate that into our party. Mrs. Monckton and Mr. Gelson have put together a game, a goody bag, and a pumpkin for each child. Your child can bring in a special snack to eat at our party. All parents are welcome to come and join in the fun!

The children can bring their costumes to school on Wednesday 10/31 and we will change after lunch. Please label all costumes.

This week in science we will be creating structures and exploring changes in states of matter. We are in need of paper tubes from paper towels or toilet paper. We need them by Wednesday.

There will be no homework on Halloween other than read and practice math facts.

We will be attending mass on Thursday, November 1st to celebrate All Saints Day. We will not attend mass on Friday.

Enjoy your weekend

God Bless,

Mrs. Heyder

Religion: We will be learning about the Saints and the liturgical calendar.
Vocabulary- Saints, liturgical calendar, honor, Mary, Rosary.
