

ILLNESS/INJURY/NEW MEDICAL DIAGNOSIS

Please note: It is important that the nurse's office receive notification if your child has recently been evaluated by the physician, and/or has been newly diagnosed with a medical condition. Any updated medical information from the physician may your child in school. Any newly diagnosed illness (e.g., asthma, anaphylaxis), or any newly diagnosed injury (e.g., fracture, head injury/concussion, extremity fracture requiring the use of crutches) will require a note from the physician.

A child who is exhibiting signs of a communicable disease/contagious illness such as fever higher than 100 degrees, needs to be excluded from school until they are fever free for 24 hours without the use of anti-fever medication. Any undiagnosed yellow/green mucus drainage from nose/mouth, ears/ eyes, or any diarrhea/vomiting, will require a clearance note from the physician .

It is important for the health office to follow these guidelines because the goal is to keep everyone safe and healthy throughout the school year.
