

August 23, 2019

Dear Parents of Incoming 8<sup>th</sup> Grade Parents,

We are delighted to welcome your students to the 2019-2020 School year and are so pleased that they will be the new leaders of our school. The 8<sup>th</sup> grade year is an exciting one filled with many memorable moments. In a K-8 environment the 8<sup>th</sup> graders are truly regarded as role models who are on the cusp of a whole new and exciting world. Some came to us in Preschool, Kindergarten and others joined at various points through the years but all are precious members of this class.

Every new school year also brings new changes, new discoveries and new educational strategies. Mrs. MuMu San has decided to take a position with Immaculate High School. Our search for a Part Time Mandarin teacher is underway; we are actively working with the agency that specializes in finding foreign language teachers to help us fill this position. In addition, I attended a Principal's meeting this week and asked all Principals in the Diocesan schools to send me the resumes of potential Mandarin teachers. Due to its unique nature, this is a difficult position to fill but we will continue to do everything in our power to put a qualified candidate in to place.

In the meantime, we invite you and your child to attend an informational meeting with the Administration to discuss this topic on Thursday, August 29<sup>th</sup> at 4:00 p.m. in the school library. Please RSVP to [secretary@srles.com](mailto:secretary@srles.com)

Thank you. Be assured that we have your child's best interests at heart.

God Bless,

*Bardhy/ Gjoka*

Mr. Bardhy Gjoka

Principal
