## WEEKLY NEWS

We started the week with Picture Day; I always love to see the finished product! On Tuesday, Mrs. Arsenault explained about keeping ourselves safe. The children are enjoying library; however, please return the books by the following week or they will not be able to take another one out. Conferences will be upon us shortly. I will be sending home a pre-conference form for you to fill out and return to school before your appointment. There will be a sign up genius sent to you in the near future. At conferences, I will share with you your child's DRA score, and some work in their folders. We only have 15 minute slots. If you need more time, we can schedule another day. The sight words are coming along nicely; please practice at home with your child. We will be adding a few a week, so it is best to review them daily. The more sight words they know; the easier reading will be for them. We will be working on vowels for some time. Vowels are much more difficult than consonants. We will be beginning the CVC words (consonant, vowel, consonant) such as sun and bat!
