

WEEKLY NEWS

Another great week in Kindergarten! We finished our, "If I were a president..." pieces complete with a George Washington craft! You will like their answers, too bad they have to be 35 years old in order to run! Some of our friends handwriting has been a little careless lately; hence, the extra handwriting practice sheets coming home in the folders. When they complete their homework, make sure it is quality work and correct!! The Spelling Bees are impressive! They must also spell a word before they leave for the day as well. We are busy stretching our sentences with adjectives. Did I say how amazed we are with their reading? Science was an eyeopener this week as the children discovered that unfortunately, not all of our garbage can be recycled. In teams, they placed garbage on posters in either the recycle or don't recycle columns. Subtraction according to the students is fun! Woo Hoo! We had a Mathathon this week (lots of Math) and everyone did well. The children also had a unit test in Journeys which will go home on Monday after it is graded. Is it March already?

DATES TO REMEMBER	SIGHT WORDS					REMINDERS
Monday, March 18 - St. Patrick's party - 1:15PM	I	me	am	their	eat	If you are sending in food from home that requires a eating utensil, kindly place one in their lunch box. We cannot take the ones that are available with Hot Lunch.
