

Dear St. Rose Community,

Most events are being postponed or canceled during the stay at home order, our school community is doing everything they can to make sure that certain memorable moments continue to happen, in some form. As you read earlier today, we are planning ways to keep our tradition of Special Persons Day; even if we aren't in the building together, the loving bond between a child and the special people in their lives still stays strong; so we want to celebrate that and them on May 8!

We would still like to see the opportunity for the fathers and daughters to participate in one of our favorite year end activities; our Father Daughter Dance! This year, the event will have to be done from the comfort and safety of your own home; or depending on the weather, possibly an outdoor venue where they can enjoy time together while still being safe with social distancing!

Family and friends are getting very creative these days; so it wouldn't surprise us to see groups of friends with their dads sharing the evening virtually! Spotify, Amazon, and YouTube all have playlists available for an event just like this; of course, I'm sure our girls have their own playlists that are just right for this special time! So whether it's father daughter dancing, movie or game night; or getting your daughter together with friends in a Zoom or Google Meet sharing playlists and their evening, with dads too; we hope you will share the smiles and highlights with us in video and pictures so we can continue to stay connected as a community while we stay safe at home!!

See the attached flyer. Please send videos and pictures to Mrs. B at
