Free Vaccination Clinic-Open to public
FRIDAY, NOVEMBER 12, 2021
4pm-8pm
No Appointment Needed

Please call faith community nurse, Nancy Rhodes, with any questions: 845.641.7277

For those individuals who received a Pfizer or Moderna vaccine, the following groups are eligible for a booster shot 6 months or more after their initial series: 65 years and older; age 18+ in long-term care, age 18+ who have underlying medical conditions; age 18+ who work or live in high-risk settings.

For those who received J&J vaccine age 18+ and more than 2 months ago are recommended to have a booster.

Mix & Matching: Both the FDA and CDC support individuals to receive a booster dose that is a different vaccine type than they originally received for their primary series if they choose. CDC's recommendations now allow for this type of mix and match dosing for booster shots.
