

Interested in Scouting during the pandemic? Troop 870 is going strong!

Hi, I am Armen Kazazean (BFA 8th grader and Eagle Scout), I am very involved with Troop 870. We welcome male and female scouts who are looking for adventure! During the pandemic, we have continued our program remotely and have had new scouts join. We have developed a mentoring program so older scouts can guide the younger scouts without in-person meetings. We meet Monday's on Zoom and also have a rank-up meeting on Wednesdays to work on requirements. We have ongoing merit badge classes offered online. All of these meetings are supervised by troop leaders.

If interested, a potential scout must be 11 years old or finished 5th grade or a Cub Scout who has earned their AOL rank.. **You do not have to have scouting experience to join, and many of our members have joined as 12-14 year olds.**

If interested in joining please contact Megin Dressel at getmoreinfo@troop870.org

"As a parent, I have found this to be healthy for my boys to keep normalcy and socialization in their life. They are also learning some new skills which do not require my direct supervision"
Lisa, (Armen's mother)
