

Hunger Doesn't Take
The Summer Off!

Summer Food Program

June 7th – August 5th

Backpack Society's Summer Food Program provides food for families with students enrolled at partnering schools. This program runs weekly, and families can sign up every week or as needed. This program provides groceries to help families get through the week, not just the weekend. Families are required to pick up from Backpack Society, more details on the signup page.

Registration opens June 7th

What is Backpack Society?

Backpack Society is a 501(c)(3) nonprofit which was established in 2019 with a mission to make hunger-free weekends a reality for school children by providing access to non-perishable, easy-to-prepare food. Backpack Society has expanded their programs to include the student's family and school staff.

Want to help?

Backpack Society takes food or monetary donations. We also love volunteers and accept as young as elementary school (with a parent). Learn more about us on our website at www.backpacksociety.org
