

2019 Summer Camps for Ages 8-12

A different theme each week! Camps will run Tuesday-Friday from 11:30am-3:30pm.
No camp week of July 4th. All Camps are \$190.00, with material fee included in price.
Camp includes pool time so please bring your swimsuit, sunscreen and excitement!

CRAZY CHEMISTRY

6/18-6/21

1301.302

Kids love to watch things fizz, foam, bubble and explode! If you wish science class was more like the crazy science labs you see in movies then this is the class for you! Kids will perform experiments to help them understand the science between acids and bases, mixtures, reactions and other chemistry related concepts. Make rubber balls, lava bottles, the leak proof bag, eating nails for breakfast and dissect a diaper - how does it work? We have packed this session full of as many bangs and booms as possible. Pump things full of air until they pop, learn how to do some fun chemical reactions that explode and learn why 'bang-snaps' explode when they hit the ground. If you bring your excitement, we'll bring the explosions!

CAKE BOSS

6/25-6/28

1302.302

Anyone up for a friendly cooking competition? Teams will battle in round one, being challenged to take a holiday intergalactic and show us what happens when the holidays are in space. Then, they must bring famous songs like "Old MacDonald Had a Farm" and "Baby Shark" to life in huge edible creations. This is a great class for budding artists, bakers and team players.

MARINE BIOLOGY

7/9-7/12

1303.302

Campers will get to dissect their own squid, hold a 6-foot Octopus, see what is inside a clam shell and feel what it's like to stick their hand in a jellyfish! These are just a few of the cool things we will explore in Marine Biology. We will begin with the "perfect" predator - sharks! Then will discover how many senses a shark has and how they use them to catch their prey. Students will perform experiments to see how their own senses match up to sharks. We will hold a real shark and learn how it's anatomy assists in their hunting ability. We will analyze why surfers are mistaken for seals and have a surfboard design competition. Of course we will see, hold and touch several marine animals during our marine exploration.

FOOD NETWORK

7/16-7/19

1304.302

Wake up your taste buds as you become a "Top Chef"! Get ready to compete like your favorites from "Cupcake Wars", "Iron Chef", and "Chopped" as you cook your way to success! You will have the chance to not only compete as a chef, but also participate as a "judge" while you enjoy creations from fellow campers.

CUPCAKE WARS

7/23-7/26

1305.302

Magical Unicorn Cupcakes, Cupcakes in a Jar, Cotton Candy Cupcakes, Root Beer Float Cupcakes, Flamingos and More! Each day of camp we will whip up a new cupcake recipe or start with a fresh cupcake and learn fun and easy decorating techniques. It's the tastiest way to learn this summer!

CHOPPED

7/30-8/2

1306.302

Your challenge is to take a mystery basket of ingredients and turn them into a dish that is judged on their creativity, presentation, and taste with minimal time to plan and execute. This class will be divided into three rounds: "Appetizer", "Entrée", and "Dessert". In each round, the chefs are given a basket containing between three and five ingredients, and the dish each team prepares must contain each of those ingredients.

ART STUDIO

8/6-8/9

1307.302

Imagination runs wild in this popular class of creating amazing art and sculptures. These artists will be designing a variety of exciting collage artwork, some fun self-portraits, and encompassing all types of art including drawing, painting, pastels, watercolors, cartooning and more.

We are offering Extended Camp Care for Summer 2019! For more information, please call (818) 222-2782

Peak Adventures at the Calabasas Tennis & Swim Center
